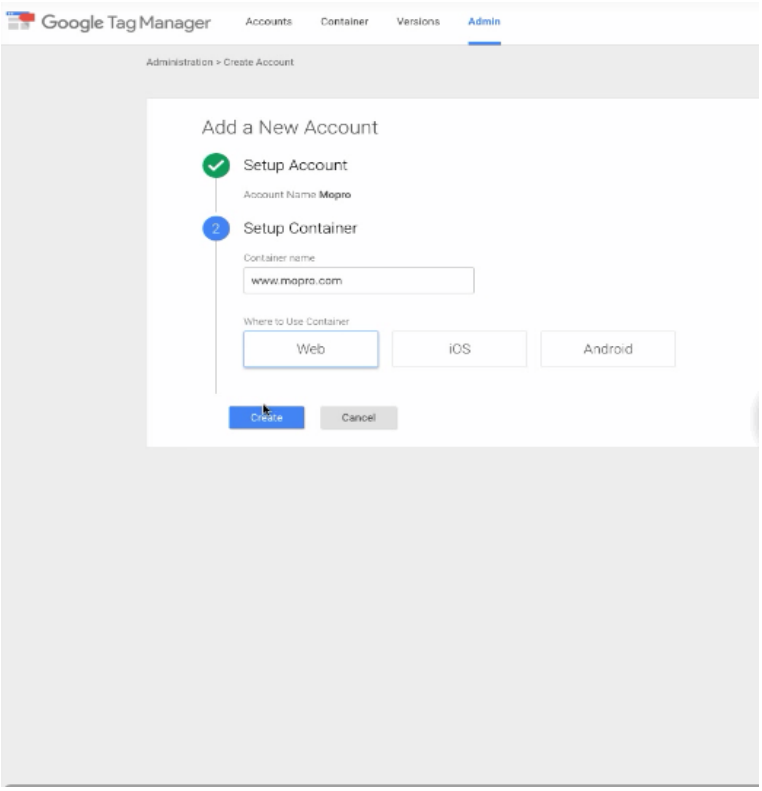
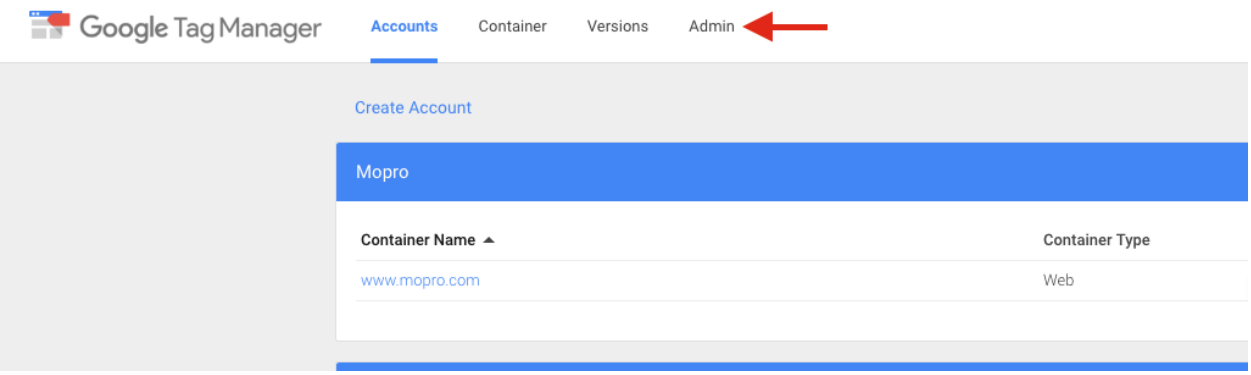
Granting access in Google Tag Manager

Here's how you give us access to your Google Tag Manager:

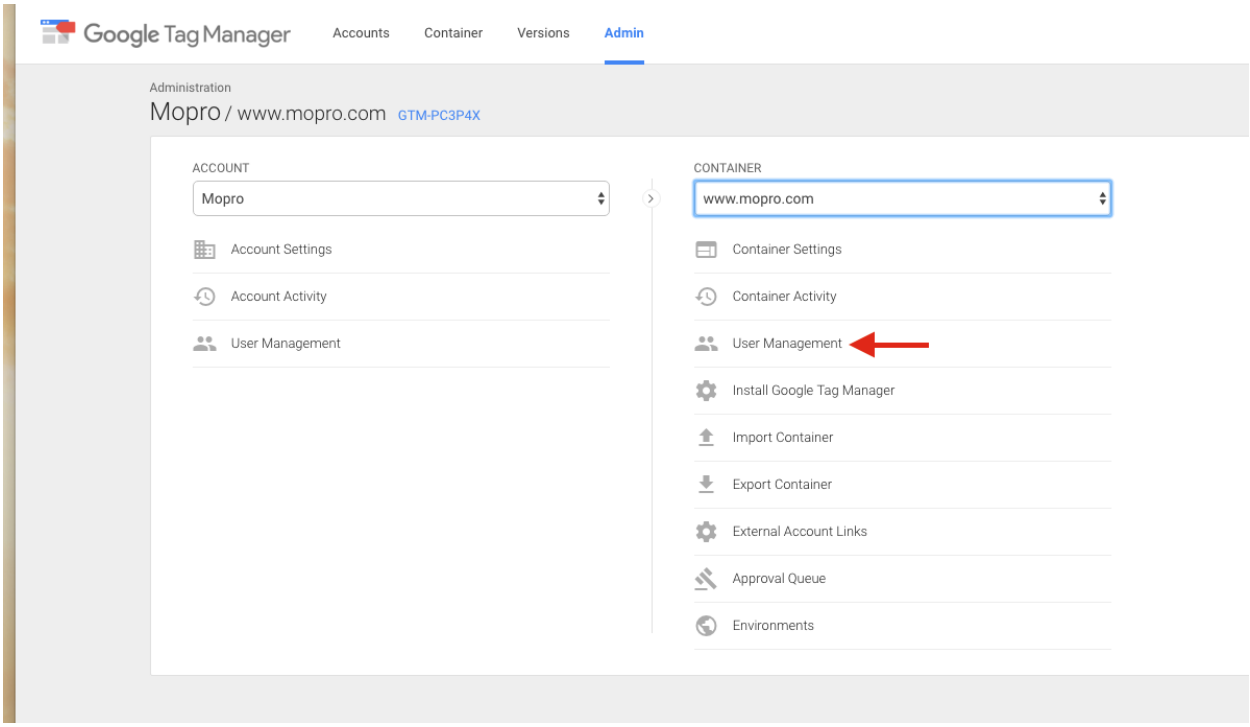
1. Navigate to tagmanager.google.com
2. If you don't have a Tag Manager account, you will be prompted to create one. Fill out:
    a. **Account name:** We recommend using your business name
    b. **Container name:** Use your business' website URL here
    c. **Where to Use Container:** Always select "Web"
3. Select "Create"



4. Select “Admin” from the top navigation bar



5. In the “Container” column, select “User Management”



6. Select “New”

7. In the Email field, enter “tracking@mopro.com” and set the permissions to “View, Edit, Delete, and Publish.” Select “Add.”
