

DURALIFE® COTTON PICKER GREASE CPG

DURALIFE® COTTON PICKER GREASE CPG is a light green, smooth and semi fluid grease specifically designed for cotton picker spindle heads. This grease is formulated with premium quality base oil, lithium 12-hydroxy thickener and a synergistic combination of performance additives that exceed the requirements of the application.

It is formulated with high quality, anti-wear properties to ensure the sliding mechanisms are protected and remain fully functional. It is also equipped with anti-oxidation and corrosion inhibitors to protect against any rusting or deterioration of the equipment.

APPLICATIONS :

DURALIFE® COTTON PICKER GREASE CPG is specifically designed to be used with picker spindles, picker bars and chassis bearings.

- John Deere 380, 360 and 305.
- Case IH-27

BENEFITS :

- Very good flow properties
- Corrosion inhibitors protect working parts
- Anti-wear properties help safeguard the spindle and bearings
- Wide temperature operability
- Minimizes water washout helps guard bearings from moisture and corrosion
- NLGI # 00 consistency provides even flow for spindle protection
- Unique additive combination provides extra protection to spindles against wetting agents, defoliants and plant juices.
- Superior quality anti-wear additive protects equipment against wear and corrosion
- Works efficiently in cold temperatures and also at moderately high temperatures

TYPICAL CHARACTERISTICS :

Product Specifications	Typical Results
	CPG
NLGI Grade	00
Thickener Type	Lithium 12 Hydroxy
Color	Green
Dropping point , °C (°F) , ASTM D 2265, min	N/A
Penetration (@25 °C(77°F) , Worked (60 Strokes) ,0.1mm, ASTM D 217	400 - 430

The above characteristics are average values based on recent production .Minor variations which do not affect product performance are to be expected in normal manufacture .

WARNING!

Contains petroleum distillates. Contact with skin or eyes can cause irritation. Avoid prolonged contact. Wash thoroughly after handling. Avoid breathing vapors. If irritation, headache or nausea occurs, remove to fresh air. Get medical attention if symptoms persist. If swallowed, do not induce vomiting. Consult physician immediately.

Keep away from children

Do not store above 120°F. Keep away from heat or flame.
