TUSCAN
TENDER LEAVES™

FULLER PLATE APPEARANCE + BETTER SHELF LIFE

Our Tuscan Tender Leaves are a unique blend of European style, leafy-green lettuces including oaks, tangos and lola rossas. The color recipe for this blend is **60 percent green lettuces** and **40 percent red**-leaf lettuce.

Tuscan Tender Leaves outperforms spring mix in volume & flavor.

LOOKS BETTER ON A PLATE

These new leaf varieties also look similar to the unprocessed varieties found at local farmers markets. And because the leaves are more mature, they have a **longer shelf life!**

FLAVOR IS SWEETER

than traditional spring mix, since no bitter varieties are used. **The texture has more body, crunch and better "forkability."**

MORE SERVINGS PER POUND

Holds up to hot protein, heat and dressing sauces allowing for advanced prep time in the kitchen.

Our 3lb Tuscan Tender Leaves carton now has 150 cartons per pallet vs. 130 for regular Tuscan Spring Mix.
