BUILT LIKE A TANK!

wearing out your lifts moving

4
bales at
a time,

when you could be
moving 32 bales
at a time!

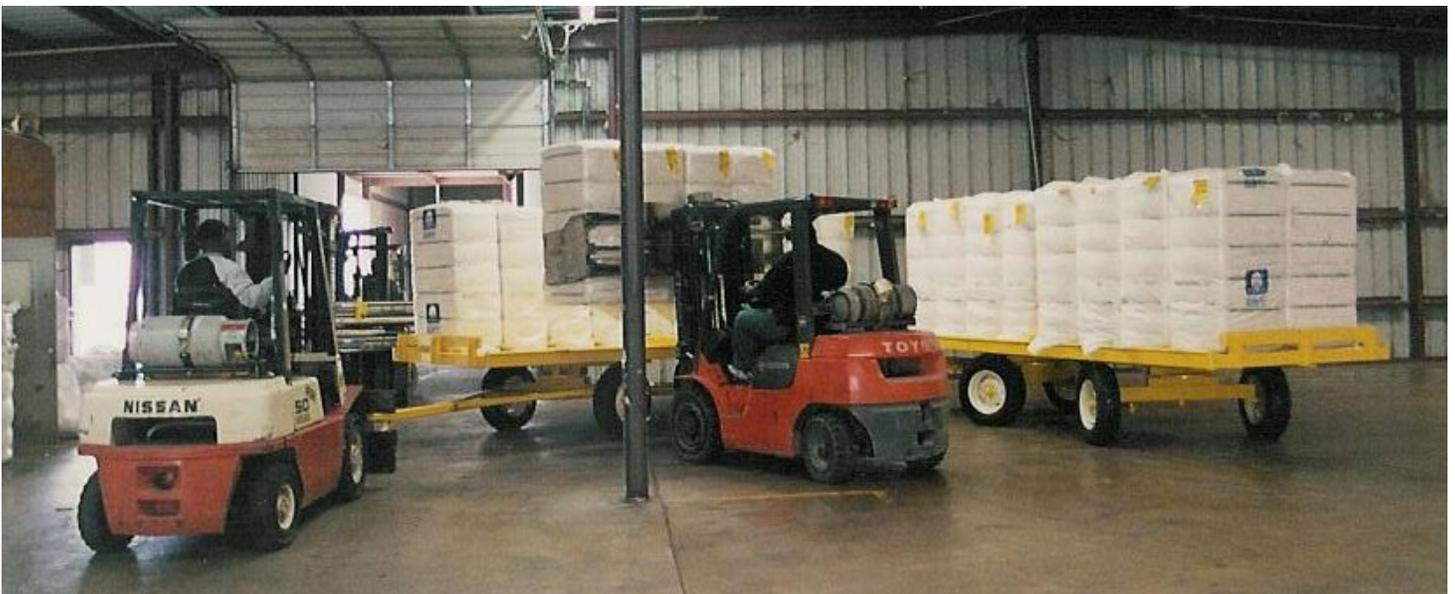

Our
8 Bale Trailers
are perfect for older warehouses with limited space.

When this warehouse replaced all of their antique carts with our trailers
their *productivity skyrocketed!*

TWO SIZES

Our
16 Bale Trailers
hooked in tandem give you an incredible *32 bales per tow!*

When we say, “**BUILT LIKE A TANK**”, we mean it! Our family has been in the cotton industry for over 60 years. We know how hard employees can be on equipment, so we designed these trailers to withstand all the punishment they can dish out!

bale
trailer

Axles pivot on UHMW plastic turntables that are long lasting & do not require greasing.

Our steering rods are very heavy, and pivot on a 1" grade 8 bolt. The bushing on the end of the rod is 1/4" thick and is greasable.

Some of Our Customers

The Bottom Line?

You Have to Move Cotton.
Move it **Cheaper** and You Make **More Money !!**

8 bale trailers
hooked in
tandem,
moving 16 bales
per load
