

Press Release Summary:

August 30, 2017 - Muni-Fed Energy enters agreement with Schreder Lighting, USA

Long Beach, CA -- Muni-Fed Energy, Inc. ("MuniFed" or "the Company") ([www.munifedenergy.com](http://www.munifedenergy.com)) announced today that it has signed an agent agreement with Schreder Lighting, USA. Under the 1 year agreement, Munifed will be providing Schreder with a broad range of guidance in the private and public sectors with the goal of enhancing the Schreder Brand name in California.

Muni-Fed Energy assists federal, municipal and commercial clients, such as the Port of Long Beach, Riverside Public Utilities, Union Pacific Railroad, the City of Riverside and Pepsico and many other clients to profitably reduce the environmental impact of operating their businesses.

Clay Sandidge, President of Muni-Fed, commented, "We are very excited to announce these developments as we launch our CA lighting strategy with Schreder. While our main focus has been to provide energy solutions to emerging markets, we realize there is a large opportunity in California to distribute our partner's products and provide product validation for customers in markets that we continue to serve.

About Schreder Lighting, USA—Schröder (<http://www.schreder.com/en-us>) is an international lighting group, specializing in outdoor lighting and is represented in 33-countries. Since its founding in Belgium in 1927, Schröder has acquired know-how and technical expertise for a wide range of products to become a market leader.

David Cohen, Schreder's General Manager for the USA commented "We are extremely excited to be working with a company that has the experience and reach as Muni-Fed Energy. This partnership allows further penetration of the Schreder brand."

Schreder's North American facility has been serving the local market for over 10-years. Known for its superior photometric performance and quality, Schröder is the reference in lighting for: roadway, urban, flood, industrial, tunnel lighting and special applications.

Today, Schröder is proud to introduce a new LED approach for maximum performance and efficiency, building on our market leading portfolio of products.

About Muni-Fed Energy: Muni Fed identifies and implements energy efficiency, energy generation and environmental projects and provides business development consulting services to federal, municipal and commercial clients. As a comprehensive partner, Muni-Fed works with clients from project discovery through finance, development and commissioning.
