Graphic Guidelines

ACCEPTABLE FILE FORMATS

Shepard uses the most current version of Adobe Creative Cloud. If providing native files from another version, please provide an .idml file.

Program File Extension

Adobe Acrobat	.pdf
Adobe Illustrator	.ai, .eps

Adobe InDesign	.indd, .idml
Adobe Photoshop	.tiff, .psd, .eps

WE DO NOT ACCEPT: Microsoft® Word®, Excel®, or PowerPoint® files for artwork/graphics.

Special Considerations

Create using a high-quality output.*

Vector artwork. Images embedded and fonts changed to outlines** or a packaged file.

Fonts changed to outlines** or a packaged file.

Raster artwork. File should be in CMYK color space.

FONTS

If creating artwork in Adobe® InDesign® or Illustrator® there are two options when supplying fonts. Supply us with PC format TTF fonts. Change fonts to outlines. This prevents font substitution through layout and production. REMEMBER: if creating outlines, text is no longer editable.

Package the fonts from InDesign or Illustrator (File → Package → Check “Copy Fonts”) and submit with your artwork.

ARTWORK GUIDELINES

Document Size & Specs

All artwork should be created at 100% size at 150 dpi or in a proportionally scaled down format (ex. 50% at 300 dpi or 25% at 600dpi). NOTE: Mark artwork to the dimensions it is sized to if not 100%. All content should be kept within the live area, leave approximately 2” all the way around artwork to ensure sign holder or structure metal does not cut off content.

COLOR

All artwork should be created/supplied in the CMYK color space. Please provide Pantone® colors/HEX code if we need to match a specific color during the printing process. All PMS colors should be converted to CMYK Process Color in the artwork. NOTE: Converting color from RGB to CMYK will change the vibrancy and the look of some effects, DO NOT design artwork in RGB. Colors may vary due to output devices.

ARTWORK FILE TYPES & RESOLUTION

Artwork can be created in several ways. Here are some things to consider.

Vector

Vector-based artwork is resolution independent and can be enlarged or reduced without loss of quality. This is the preferred file type and is most often created in Adobe Illustrator and used for creation of logos and clip art.

Raster

This type of file is resolution dependent and will reproduce poorly if the appropriate file resolution is not supplied. If you supply raster art, it is best to save your artwork in a 1 to 1 (full size) output ratio at 150dpi or higher. Lower resolutions (1MB or smaller) will result in reduced image quality. File size should not exceed 200MB (if possible). Raster images are most often created in Adobe Photoshop® and is most often used for photographic images.

Resolution

Artwork should be 150dpi at 100% scale or 300dpi at half size. This will ensure the artwork remains high resolution when printed at full size. See samples below.

Vector Logo at 200%

Raster Logo at 200%

High Resolution Logo

Low Resolution Logo

HANGING SIGN: If you have a sign or anything (truss, etc.) that has been approved to hang from the ceiling, **send it to the advance shipping warehouse** address. Hanging items must be identified and readily available since they are installed first, before the show floor becomes encumbered by freight.

Print at least one label for each box. Include the exhibiting company name and booth number. If you are creating your own labels, make sure the same information below is on your labels.

Structural Integrity
Statement

This form must be completed for all suspended structures. Please include the completed form with your hanging sign order forms.

As the contracted exhibitor, the display house or builder for the below exhibitor, do hereby certify and guarantee that the stress points for the hanging structure have been properly engineered and tested. We further certify that the structure can be hung safely and has been constructed to meet all applicable regulations and safety measures. We hereby release, indemnify and forever hold harmless the following:

**Sunbelt Builders Show
Hilton Anatole Trinity Exhibit Hall & Ballroom
Shepard Exposition Services**

along with their subsidiaries, their directors, officers, employees, representatives, agents and contractors from and against any and all liability, claims, damage, loss, fines, or penalties arising from the installation, use or dismantling of this structure. All hang points supporting in excess of 200 lbs. may be verified (metered) on site at the exhibitor's expense.
