

GROWER POSITION

J Berry Nursery was established in 2006 and is a rapidly growing nursery, with a unique and innovative product mix. J Berry Nursery focuses on the development and production of branded programs. We own, produce and license the following brands: Black Diamond® Crapemyrtles, Déjà Bloom® Azaleas, and Hollywood® Hibiscus. Through a licensed grower network our brands are influencing markets in Australia, Europe, China, Japan, North America and South Africa.

J Berry Nursery has a customer base focused on big box stores and regional retail chains in Texas, the Midwest, the Southeast and the Mid Atlantic. Our production facility is in Grand Saline, TX which is 80 miles East of Dallas and 40 miles Northwest of Tyler.

SKILLS & QUALIFICATIONS

- Degree in Horticulture (or related field) or equivalent work experience
- Working knowledge of PGRs, pest control management, plant nutrition, and plant propagation
- Bilingual in Spanish is preferred
- Good organizational and communication skills
- Experience supervising work crews
- Working knowledge of Excel and other basic computer programs

The person hired for the Grower Position will be expected to plan and oversee the execution of basic plant production and care functions to include pest control, disease control, fertilizing, weeding, planting, and staging of plants to meet the sales forecast in the most labor efficient way.

J Berry Nursery offers a competitive compensation package including paid vacation, health, and dental. Interested candidates should contact Jessica Dowdle at (903) 962-6590 or jessica@jberrynursery.com.
