The body, with its warm white hue, is not only translucent but also light and resistant to chipping.

We are confident in the quality and resilience of Bybone, which is why we proudly offer a worldwide Lifetime Edge Chip Warranty for all flat pieces, bowls, squares, and rectangular items bearing the  logo. This comprehensive warranty applies for the lifetime of each piece*, further affirming our commitment to excellence.

From the classic white to all colored variants, Bybone products are resistant to thermal shock, as well as being microwave and dishwasher safe. Care & Use Instructions

To keep wood from drying out and decrease the water absorption , board should be seasoned with a food-safe mineral oil before first use and periodically afterwards. Hand-wash with hot, soapy water. Dry thoroughly.

Do not soak or submerge board in water. To sanitize, wash the board with a solution of one part vinegar to five parts water. Occasionally rub with a food-safe mineral oil to keep wood from drying out. Store in a dry area away from extreme temperatures.

Custom Wood

Personalizing your wood boards is a great way to set your establishment apart from the mainstream. Visual memory is long term and will keep your guests remembering your venue.

Your Logo / insignia can be applied to any selection of our wood boards

You can also design your own wood board that fits your specific serving needs.
