

TEASER  
HOTELLERIE 2026

RESTAURANT  
HOTEL

We strongly believe in the uniqueness of the single individual. We do not want a homogeneous world, where everyone thinks alike. All we do is offer our customers the opportunity to stand out by becoming unique.

We do all this starting from a family production tradition of over 70 years, made of craftsmanship of the highest quality and experience, combined with the most advanced technological solutions.

We produce unique and bespoke professional tools to suit your culinary art.

# Since 1947

Since 1947, Mepra has stood as a symbol of Italian excellence in stainless steel cutlery, cookware, and tableware. Founded in Lumezzane, in the heart of the Brescia region, the company was the first to produce flatware in the area. Established by the Prandelli family, Mepra transformed a deep passion for metalworking into a refined art form that continues to define its legacy today.

Over the decades, Mepra has combined traditional craftsmanship with continuous innovation, creating iconic collections that embody Italian style and design.

Every piece is the result of careful research, skilled hands, and a vision that connects heritage with modern living.

Today, Mepra is present in the most prestigious hotels, restaurants, and homes around the world, bringing timeless beauty and uncompromising quality to every table.

ATTIVO, NON

E,  
DEVONO  
NA FERMA.

# Save

.....MEPRA since ever,  
cares about our  
PLANET and,  
consequently, cares  
about us.

It has been one of the  
first companies to install  
purifiers and to recycle  
all the possible  
materials.

We are a company that  
look forward to our  
future: we could not do  
our job without  
preserving the  
environment we live in.

The GREEN PROJECT  
is born to show you all  
our commitment to save  
the planet through the  
creation of products  
studied for this specific  
target.

This is to certify that the management system of  
**Mepra S.p.A.**  
Via Virgilio Montini, 176 - 25065 Lumezzane (BS) - Italy

has been found to conform to the Quality Management System standard  
**ISO 9001:2015**

This certificate is valid for the following scope:  
Design, production and commercialization of: flatware, cookware, serverware and items in  
stainless steel for the table and kitchen for domestic use, Hotels, Restaurants and  
Catering (IAP 17)

# The Planet

## **Lifetime Products**

Our products are built to last, reducing waste and avoiding disposable culture. Choosing Mepra means investing in quality and sustainability.

## **Energy & CO<sub>2</sub> Reduction**

Our photovoltaic plant generates over 160,000 kWh each year, cutting CO<sub>2</sub> emissions by 84,000 kg. In winter, a cogeneration system produces both heat and electricity, resulting in significant energy savings.

## **Recycling & Waste Management**

The majority of our steel comes from recycled sources. All production waste is collected and reintroduced into the supply chain to create new raw material.

## **Water Conservation**

Since the early 1990s, our filtration system has allowed us to recover and reuse washing water and detergents, with no discharge into the sewage system.

## **Air & Substances**

As early as the 1980s, we replaced polluting chlorinated solvents with water-based solutions and upgraded polishing machinery with dust-suction systems to protect the air we breathe.

Mepra has been able to combine wisdom industrialization with craftsmanship, which the company has strongly wanted to preserve in its DNA, keeping its roots in Val Trompia.

The strong belief of the company is that a Mepra product cannot exist without a part of the heart of the artisans who create it: man touches, shapes and makes objects uniques.

Thanks to all this, our atelier is able to tailor the most exclusive creations.

Today "Mepra" offers the highest quality standards in the sector, with particular attention to the respect for people and nature, from which we draw all our resources and create the true value of our company.

In this period of time, with the technological advancement of production, the no less important aspect linked to environmental issues has also been added, through a rational use of energy resources, lowering the consumption and greenhouse gas emissions.

57 LUCE

# Luce endless possibilities

Discover Luce, **our most versatile cutlery yet** — a model designed to reflect your creativity and style. With Luce, every detail is yours to define. Customize the surface finish of the **grip** or the **handle**, or the color and finishing of the **entire piece** to create a look that's uniquely yours.

Choose from our full range of finishes, textures, and colors, and bring your vision to life — whether it's elegant simplicity, bold contrast, or timeless sophistication. With Luce, the possibilities are endless, and the result is always exceptional.

# Luce your design, your signature

As always, you can personalize the grip with your own design or logo. We provide the precise measurements of the **surface to chisel** so you can easily send us your artwork. Alternatively, our Technical Department is at your service to develop the design for you, starting from your idea or draft. The decoration can be applied on both sides, **front and back**, and you can choose from our complete range of finishes, textures, and colors to achieve the perfect balance of elegance and individuality. With Luce, the possibilities are endless — and the result is always exceptional.

# Atelier Mepra

.... MEPRA, a company always in evolution, decides to make available to its own dealers the opportunity to present its own "tailoring method". Our job is to create sets of UNIQUE cutlery, . **Tailor made**, fulfilling the most sophisticated and precise requests of the most exigent consumers. The most intuitive method is undoubtedly, THE CONFIGURATOR, an innovative tool that allows, in a three-dimensional way, to see and evaluate in real time your creation : modeling, finishes and customization. Once designed, we make it ...

## Customization an added value

Offer your customers a truly unique experience. In the world of retail, customization is more than just a feature —it's an opportunity to stand out and build a deeper connection with your clients.

With every product you can offer a tailored option, perfect for a thoughtful gift or an exclusive service that gives customers more choice. Whether it's adding a personal touch with custom branding, selecting the ideal colors and finishes to match their style, or even customizing boxes with your own logo, customization elevates your store's appeal. It's not just about selling products — it's about offering something special, something memorable.

With high-quality craftsmanship and attention to detail, we help bring your vision to life, ensuring that every customized item reflects the essence of your brand and your client's identity.

## Made for You

Customization isn't just for packaging. Here at Mepra, we offer the possibility to personalize every item in our catalogue — from flatware sets and underplates to even our cookware.

The importance of personalization goes far beyond aesthetics. It transforms an object into something meaningful and memorable.

A personalized gift carries your story and your message. Whether it's an engraved set of cutlery to celebrate a wedding anniversary, custom-made underplates for a housewarming gift, or cookware engraved with a family name for a culinary enthusiast, personalization turns a beautiful product into a timeless keepsake. Gifting a tailor-made creation is a way to show care and thoughtfulness, making every occasion unforgettable.

A differenza del carbone, le pietre laviche rilasciano il calore molto lentamente e possono mantenere il cibo in cottura, senza cuocerlo eccessivamente

Unlike charcoal, lava stones release the heat very slowly and can cook food without over-cooking.

A minimalist still life composition featuring a white ceramic plate, a black cylindrical object, and a white rectangular block on a light gray surface. The plate is the central focus, resting on the white block. The black cylinder is positioned to the left, and another white block is visible in the background. The lighting is soft and directional, creating subtle shadows and highlights on the smooth surfaces of the objects.

# Atmosfera Porcellana

La collezione è realizzata in acciaio inossidabile 18/10 ed è caratterizzata da un esclusivo trattamento di verniciatura. Grazie a una nuova tecnologia sviluppata internamente, la finitura ATMOSFERA è particolarmente resistente alla lavastoviglie, al graffio e ai d e t e r g e n t i chimici, garantendo praticità e durata senza compromessi estetici.

The collection is made of 18/10 stainless steel and is distinguished by an exclusive powder-coating finish. Thanks to a newly developed in-house technology, the ATMOSFERA finish is highly resistant to dishwashers, scratches, and chemical detergents, ensuring practicality and long-lasting durability without compromising aesthetics.

Die Kollektion wird aus Edelstahl 18/10 gefertigt und zeichnet sich durch eine exklusive Beschichtung aus. Dank einer neu entwickelten Technologie ist die ATMOSFERA-Oberfläche besonders spülmaschinenfest sowie altamte resistente al Kratzer und chemische Reinigungsmittel garantiert so Funktionalität und Langlebigkeit ohne ästhetische Kompromisse.

La finitura interna in porcellana esalta l'eleganza delle forme esterne, valorizzandone le linee e donando al prodotto un equilibrio raffinato che ne sottolinea la bellezza complessiva.

The porcelain inner finish enhances the elegance of the external shapes, highlighting their lines and giving the product a refined balance that emphasizes its beauty.

Die innere Porzellanoberfläche unterstreicht die Eleganz der Formen, betont ihre Linienführung und verleiht dem Produkt eine ausgewogene, raffinierte Gesamtwirkung.

Su richiesta, la finitura Atmosfera può essere realizzata anche in colori personalizzati. Per ogni colore viene sviluppata una specifica **ricetta**, studiata per garantire uniformità, qualità e fedeltà cromatica.

Upon request, the Atmosfera finish can also be produced in customized colors. For each color, a dedicated **color recipe** is developed to ensure consistency and quality.

Sur demande, la finition Atmosfera peut également être réalisée dans des couleurs personnalisées. Pour chaque teinte, une **recette couleur** spécifique est développée afin de garantir cohérence et qualité.

Auf Anfrage kann die Atmosfera-Oberfläche auch in individuell gestalteten Farben gefertigt werden. Für jede Farbe wird eine eigene **Farbrezeptur (Rezept)** entwickelt, um höchste Qualität und gleichbleibende Ergebnisse zu gewährleisten.

Bajo solicitud, el acabado Atmosfera también puede realizarse en colores personalizados. Para cada color se desarrolla una **receta** específica que garantiza coherencia y calidad.

Per questo motivo è necessario fornire il codice RAL del colore prescelto. Di seguito sono riportati alcuni esempi.

For this reason, clients are required to provide the RAL code of the selected color. Below are some of the color examples.

Il est donc nécessaire de nous communiquer le code RAL de la couleur choisie. Vous trouverez ci-dessous quelques-unes des couleurs exemples.

Aus diesem Grund ist die Angabe des RAL-Codes der gewünschten Farbe erforderlich. Nachfolgend einige Farben Beispielen.

Por este motivo, es necesario que nos envíen el código RAL del color seleccionado. A continuación se muestran algunos de los colores de muestra.

AVAILABLE  
COLORS

**A** Amber

**M** Amethyst

**Z** Sapphire

**Q** Quartz

**S** Emerald

**G** Garnet

**O** Onyx

**V** Olivine green

**W** Trasparent

**B** Beryl

**P** China

**N** Black

The colors in our collection, such as Amber, Garnet, Amethyst, Emerald, and more, are not casual choices. Each hue evokes the typical nuances of **traditional Murano glass**, renowned for its vibrant hues and unique transparencies.

Each color is born by observing and reinterpreting the shades of the original glass, to bring an authentic fragment of that history into the hands of those who choose our products.

# TECHNOLOGY

# GLAMOUR

Elegance meets functionality. A return to the origins: healthy and natural cooking with premium 18/10 stainless steel, the same used in hospitals for its hygiene and durability.

Sandwiched thermoradiant bottom (18/10 Stainless Steel - Aluminum - Steel for Induction).

Practical cleaning: in case of burnt residue, add a little water to the heat source to dissolve the grease. Avoid using abrasive scouring pads; a damp cloth or soft sponge is sufficient.

The handles are welded with no interior rivets, ensuring a smooth, hygienic, and easy-to-clean surface.

Inner layer

No coating — just pure steel to enhance the true flavor of food.

Outer layer

Sandwiched thermoradiant bottom for induction cooking
