

Fall Flower Bulbs

FALL 2025

180+ Unique
Varieties for
2025-26

Table of Contents

Amaryllis	2
Tulips	3
Daffodils & Narcissus	12
Hyacinths	14
Other Bulbs	15
Power Planter	17

A note about flower height and bloom time

Flower Height

Choose tall varieties for the back of the bed and plant short ones in front. Or interplant tall and short varieties for two layers of color.

Actual flower height may be influenced by local springtime temperatures and the amount of sunshine.

Spring Blooming Time

Bulbs can bring your landscape up to three months of springtime color. Plan for a sequence of bloom over many weeks or choose varieties which bloom at the same time for a great show of color.

Actual bloom dates will vary with each geographical region and may also be affected by the planting date of the bulbs and local weather conditions.

Ultimate Professional Landscaper Kit

This special combination includes a complete DeWALT 60V kit, a set of 3 heavy duty augers and 2 additional backup batteries

- 3" x 24"
- 5" x 28"
- 7" x 28"

RETAIL READY

Our retail ready POP displays hold **27 or 54** augers in a range of sizes.

Power Planter connects to cordless drills in a snap so you stop digging and start DRILLING!

PRODUCT FEATURES:

- Holds 27 or 54 augers
- Easy to set up
- Free with qualifying order

TESTIMONIALS

“Great products with very reasonable pricing!”

“Ferris State University has been using Power Planter earth augers for over 10 years. We have come to rely on their quality and effectiveness.”

*Will Gasper, Grounds Manager,
Ferris State University*

“I have been very impressed with Power Planter auger drill bits.”

“I have bought and utilized Power Planters for each of the past three years to individually install about 30,000 native grass plants per year. The durability of Power Planter bits has made planting in areas with large tree roots and compacted soil very fast and easy.”

Matt Jones, Senior Assistant Superintendent, Old Chatham Golf Club

“We have not used a shovel to install product since we purchased the Landscape Kit, with heavy duty augers offered by these folks. It truly speeds us up, cuts labor significantly and makes our job a little easier. They have changed the way we do business.”
