“Succeed with Design-Build”

Presented by: Steve Zbranek
Zbranek & Holt Custom Homes

The “Design-Build” company strives to provide each client with a home designed specifically around the family’s individual lifestyle needs, desires, and architectural design preferences. This presentation will teach the benefits and highlight the advantages of being a design-driven custom builder. The design-build company offers comprehensive service to their clients from the initial idea concept through final move in, including architecture, building, and interior design, working with the most talented subcontractors and artisans to ensure that everything that goes into these homes is of the best quality.
