EDUCATION SESSION ON THE TRADE SHOW FLOOR

Thursday, July 15, 2021

1:30 - 2:30 p.m. | Hilton Anatole | Dallas

“Mid-Year Housing Forecast”

Presented by: Dr. Robert Dietz, Chief Economist
National Association of Home Builders

2021 has been a year like no other. The coronavirus pandemic, a new administration and U.S. Congress, increased costs of building materials, and the continued construction workforce shortage all contribute to uncertainty in the markets and industry and contributed to layoffs of thousands of Texans and Americans and the closure of hundreds of businesses in 2020 and this year. Dr. Dietz, one of the nation’s most respected housing economists, will bring us his forecast for the remainder of 2021 and beyond.
