## ABOUT US

What began in 1985, as a small 60 seat restaurant has developed into 11 unique concepts, with over 20 locations throughout the tri-state area of Georgia, South Carolina & North Carolina. Each concept has a distinct personality which mirrors the characteristics of the two founders... casual, inviting & eclectic. As the Homegrown Hospitality Group grows, we recognize that our success depends on exceeding the expectations of our loyal patrons.

Our success has always been rooted in a simple philosophy;

- Provide every guest great hospitality, every time.
- Maintain consistency from day to day, year to year, restaurant to restaurant.
- Commit to give back, on a daily basis, to the communities that nurture us.

TBonz Foundation Inc., is the non-profit sector of HHG. It is the lifeline between successful business & community partnership. Since we first opened our doors, in 1985, “giving back” has been a big part of our culture. The foundation is funded by a percentage of all gross sales, not just net profits from each restaurant. Inherent to the philosophy of our foundation, is the belief & practice of active participation as well as passive contributions. They are used for the betterment of the communities through donations to various charities, service projects and deserving individuals. We are acutely aware that we are only as good as what we return to our communities that nurture us. For a full listing of our programs please visit <http://www.hghosp.com/company/foundation/>
