

# Cleaners

1 Send your clients home with a 3-in-1 makeup remover, cleanser and conditioning system. **NovaLash cleanLASH** is gentle enough to use with extensions and each lint-free pad is saturated with nourishing pomegranate seed oil. • 866.430.1261, [novalash.com](http://novalash.com)

2 **iLashCare Oil Free Protein Remover & Primer** can be used before lash application, as it removes all eye makeup, dirt, oil and other particles to create an ultra-clean canvas. It's also gentle enough for your lash extension clients to use daily as an eye makeup remover. • 800.748.5168, [jblashes.com](http://jblashes.com)

3 Oftentimes, women with lash extensions are more hesitant to wash their eye area—yet it's crucial that they do. **Lashfresh Foaming Clean Wash** is extra gentle and just as hydrating as it is cleansing. • 866.747.7751, [lashfresh.com](http://lashfresh.com)

## Products FOR Peepers

Educating your clients on how to care for their new lashes—and offering products that will help them heed your advice—is a good idea when you add extensions to your service menu. Here, top retail picks for proper lash care.
