

The Greener Cleaner Company

Neutral pH Hospital Grade Disinfectant

EFFECTIVE AGAINST COVID-19

DESCRIPTION

Lemon Disinfectant is a neutral pH, hospital grade disinfectant, cleaner and deodorizer. Lemon Disinfectant is a one step germicidal cleaner that quickly removes dirt, grime, mold, mildew, body oils and other common soils. This product is effective against a broad spectrum of bacteria and viruses including **COVID-19**, MRSA, HIV, Hepatitis, Parvovirus, Bird Flu and much more. The neutral pH formula is non-dulling and will not harm floor finishes.

DIRECTIONS

Dilute concentrate with water at a rate of 2 ounces Lemon Disinfectant per gallon of water. Apply diluted solution to surface to be cleaned with sprayer, sponge, brush, fogger or steel wool. Keep surface wet as necessary for disinfection and allow surface to air dry. See label for detailed use directions.

ADVANTAGES

- EPA Registered Hospital Grade Disinfectant
- Concentrated Formula for Maximum Economy
- Kills Bacteria, Viruses, Fungus, Mold, Mildew & Other Germs
- Neutral pH Formula Safe for Finished Floors
- Deodorizes Areas with Fresh Lemon Scent
