

Hideout Canyon®

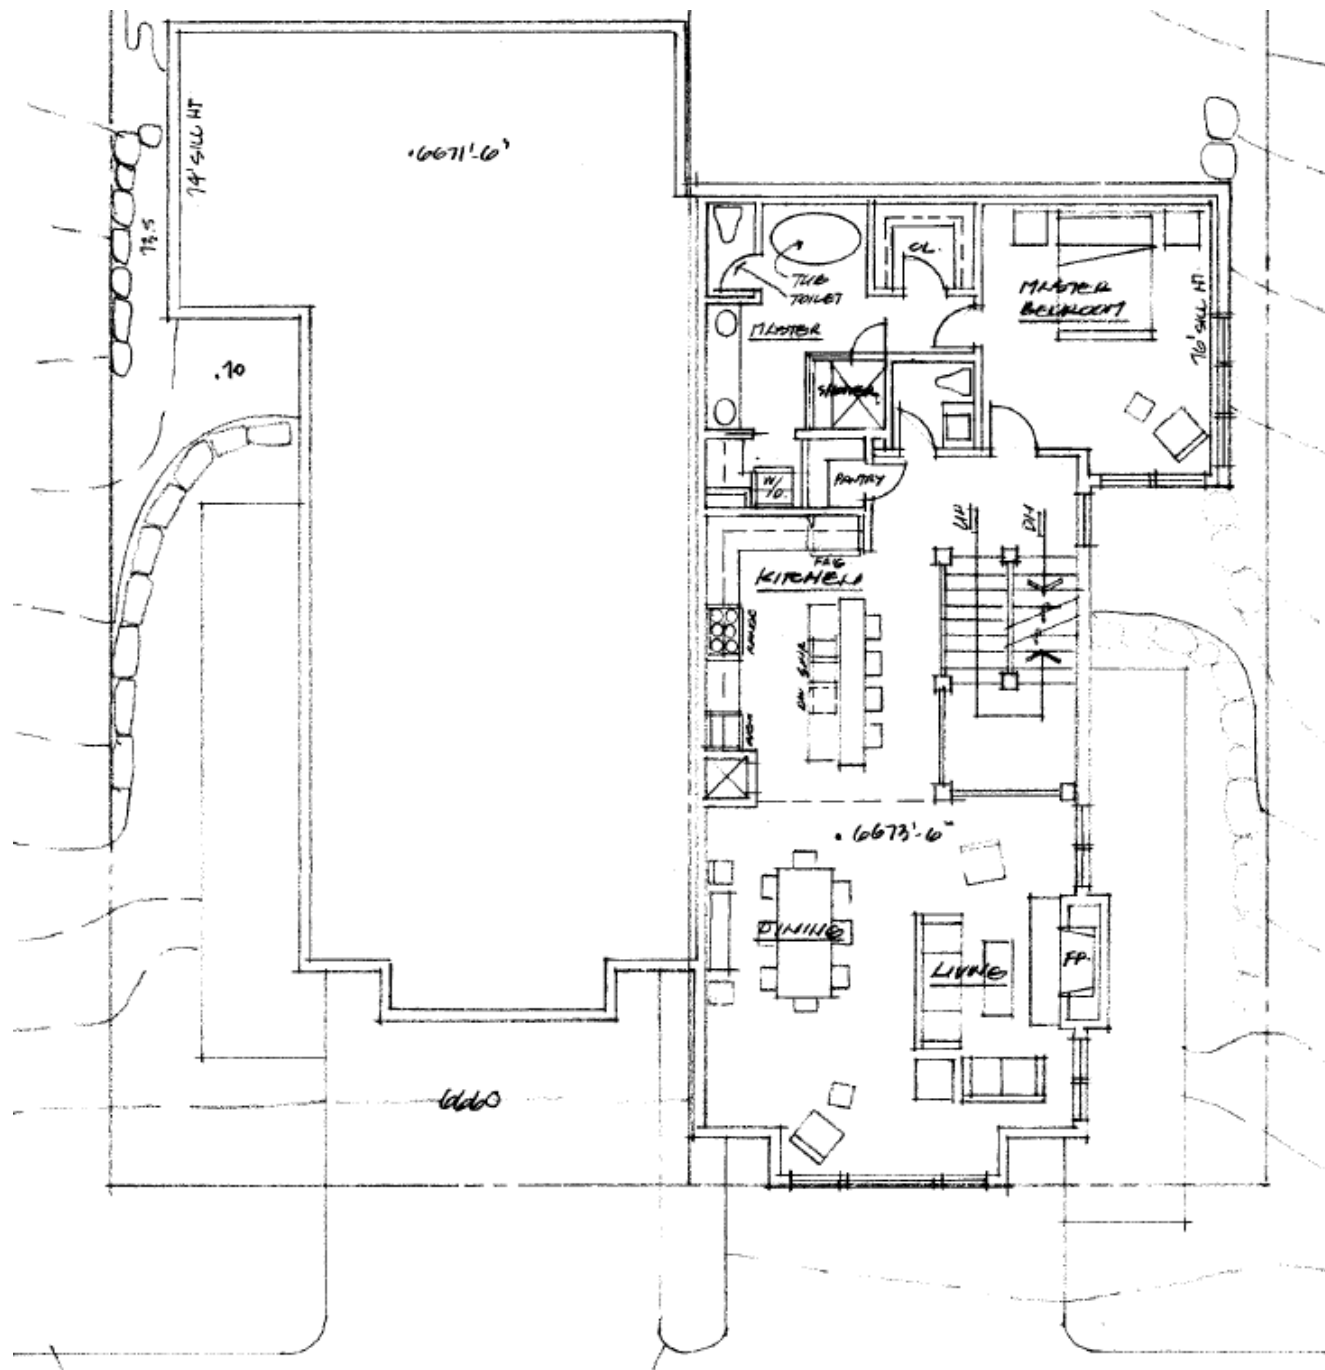

These luxury paired mountain homes are just over 2,800 sq ft., constructed of natural stone, cedar siding and wood beams, the exteriors exude high quality. The open design of these homes is vast with the open vaulted and spacious floor plan. Main level living at its finest with spectacular grand views.

Main level master suite has generous bedroom area, oversized master bath, walk in closet and its own laundry area. Dumbwaiter elevator brings groceries/ goods from truck to kitchen for easy living. Kitchen counter seating and dining area flow nicely into grand living area. Quality finishes throughout; granite counters, solid alder doors, hardwood flooring. Smart architectural lines blend contemporary feel with warm mountain living.
