July 1, 2020

Dear Participant,

The Greater St. Louis Construction Laborers' Welfare Fund would like to bring some upcoming changes within the Plan to your attention.

We were recently notified that our wellness vendor, Interactive Health, ceased all operations as of June 15th. Due to this unfortunate circumstance, the 2020 Wellness Program had to be placed on hold. We have searched and very quickly found a new vendor to continue our Wellness Program for the remainder of this year. We are pleased to announce that the Plan is bringing on H&H Health Associates to be your new Wellness vendor. We look forward to continuing our 2020 Wellness Program with H&H and you will be receiving information on the program very soon. If you already participated in the 2020 Wellness Program through Interactive Health, you will not be eligible to participate again until 2021.

Now for even more good news! As of July 1, 2020, we will be offering telemedicine services through Teladoc for all Active, Retired and Non-Medicare participants covered under the Plan. Telemedicine services provided by Teladoc will not be subject to a co-pay, deductible or co-insurance. In the upcoming weeks, you will be receiving more information regarding this new benefit directly from both Teladoc and the Benefit Office. Remember, that if you use a telemedicine service through your own doctor, the visit will still be subject to co-pays, deductible and co-insurance (unless directly related to an order for a COVID test).

As always, if you have any questions, please feel free to call the Benefit Office 800-489-0228 ext. 2 or email us at benefits@stllaborers.com.

Sincerely,

Diana Marburger
Welfare Director
