CAMPUS CRIME SECURITY POLICY & INFORMATION

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, more commonly known as the Clery Act, is contained (along with other security-related disclosure requirements) in section 485 of the Higher Education Act, codified at 20 U.S.C. § 1092.

The following information will provide you with campus security policies and statistics concerning the occurrence of criminal offenses on campus, non-campus building/property, public property, and dorms/residential facilities on campus.

A copy of Lebanon College's Annual Campus Safety and Security Report (also known as our Annual Security Report, or ASR) and policies are discussed and given to students during orientation and is distributed in compliance with the Clery Act.

Lebanon College's commitment to safety and security includes:

- ✓ Providing a secure and crime free environment for students, faculty and staff.
- ✓ Performing regular evaluation of security programs.
- ✓ Monitoring and following up on each crime reported at the Lebanon College location.

We believe that a pro-active behavior from students, faculty, and staff which promotes security awareness is important in all aspects of our lives. We encourage all students, faculty and staff to accept the responsibility for their own security as well as the security of others and even in our community.

The purpose and authority of campus personnel is limited to securing the premises and protecting the facility. The enforcement authority of campus personnel is limited to the enforcement of campus rules and regulations. Incidents that go beyond the scope of campus personnel are referred to and investigated by the local law enforcement agency. All crimes that are reported will be posted near the time-clock with the other school announcements within a day of the reporting.

As you read the following report, comments, questions or concerns may be addressed to:

Lebanon College of Cosmetology

Attention: Christopher T. Elliott, School Administrator
1136 Lynn Street
Lebanon, MO 65536

Students and employees are cautioned never to attempt to apprehend or pursue a suspected criminal.

Should you witness a crime in progress or are a victim of a crime, Lebanon College of Cosmetology requests that you follow this procedure:

- ✓ Notify a staff member immediately.
- ✓ Notify the Lebanon police department immediately by calling 911 for Emergencies and 417-532-3031 for Non Emergency reporting.
- ✓ Complete a written statement to ensure the accurate and prompt reporting of all crimes. A school administrator will take a full written statement on a Lebanon College incident form with the assistance of the involved parties and/or witnesses. The written statements are included as part of a written report and such statements may be used by campus personnel (if applicable) and local/state law enforcement authorities for the purpose of criminal apprehension and/or crime prevention.

PREPARING THE ANNUAL DISCLOSURE

The School Administrator, serving as the campus security authority (CSA) for the school, has the responsibility of gathering the data used to prepare the annual campus crime statistics report. Campus crime data is gathered the same day that it is reported. The data is obtained from reports made to local law enforcement. Crimes are counted in the disclosure based upon the crime having been reported, not whether there was a conviction. Data is obtained annually from local law enforcement and compared with the data gathered at the school level. The resulting data is used to prepare the annual crime statistics report.

The ASR is published and distributed by October 1 of each year to current students and employees. A notice of the ASR's availability is also provided to prospective students and employees, with a notice that a paper copy is available upon request.

REPORTABLE OFFENSES UNDER THE CLERY ACT

The Clery Act requires reporting on the following offenses:

- murder;
- manslaughter (non-negligent)
- sex offenses, forcible and non-forcible;
- robbery;
- aggravated assault;
- burglary;
- motor vehicle theft;
- arson;
- arrests, or persons referred for campus disciplinary action for liquor law violations;
- arrests, or persons referred for campus disciplinary action for drug-related violations;
- arrests, or persons referred for campus disciplinary action for weapons possession; and
- hate crimes, [which for Clery Act purposes include any crime listed in the preceding points and, as of 2008, larceny-theft; simple assault; intimidation; and destruction, damage, or vandalism of property in which the victim is intentionally selected because of his or her actual or perceived race, gender, religion, sexual orientation, ethnicity, or disability.]

GEOGRAPHICAL AREA

The Clery Act requires disclosure of crime statistics that occur on three types of property: campus, non-campus buildings or property, and public property areas.

“Campus” is defined as buildings or property owned or controlled by the institution within the same reasonably contiguous geographic area and used by the institution in a manner related to the institution’s educational purpose. It also includes property in that contiguous area owned by the institution but controlled by another person, if that property is used by students and supports institutional purposes (e.g. a food or retail vendor). Branch campuses and geographically disconnected administrative divisions or schools would be considered separate campuses for the purposes of reporting.

“Public property” is property that is located within the same reasonably contiguous geographic areas of the campus, like a sidewalk, street or public parking lot, that is adjacent to a facility owned or controlled by the institution for purposes related to the institution’s educational purposes. Crimes occurring on “public property” must also be reported in the crime statistics.

A “non-campus building or property” is one that is owned or controlled by a school recognized student organization, or one that is owned or controlled by the institution and used by students or by the institution for education-related purposes and that is not within the same reasonably contiguous geographic area of the campus. Crimes occurring on “non-campus property” must be reported. However, incidents occurring on public property adjacent to “non-campus buildings or property” do not have to be included. *Our institution does not have such property in this category for which we must report.

CAMPUS WARNINGS AND ALERTS

A timely warning to the campus community is distributed regarding any of the above listed crimes (*see Reportable Offenses under the Clery Act*) which are deemed to represent a threat to the students and employees, and which are reported to campus officials or to local police agencies. The campus crime alert is issued in a manner that is timely and will aid in the prevention of similar crimes. The dissemination to alert the campus community will be done by voice mail, and or text message. *Campus officials may decide to issue an alert about a crime occurring off-campus but in a location frequented by students, even though such a crime would not be included in the annual report.

Lebanon College is essentially a non-residential School, and does not have a campus police force. Therefore, all crimes are reported to local authorities as described in the first section regarding policies and procedures to report crimes.

The Lebanon College Accident / Incident Report Form (referenced above) may be requested from the Administration Office to assist in the description and recording of an incident of crime or emergency.

Voluntary confidential reporting: As Lebanon College is essentially a non-residential School, and does not have a campus police force all crimes must be reported to local authorities. Local law enforcement will allow a victim or witness to report crime on a voluntary and confidential basis.

Crime Reporting

Efforts are made to inform members of the campus community on a timely basis about campus crime and crime-related issues. These efforts include the following:

- Daily Crime Log – The Business Office maintains a daily crime log, which is available for review within two days of request except in cases such as where disclosure of such information may be prohibited by law, jeopardize the confidentiality of the victim, etc.
- Crime Alerts – Crime Alerts are published when a crime occurs on or near campus that potentially threatens the campus community. The crime alerts are distributed in a variety of methods, depending upon the incident. (See Timely Campus Warnings above.)

How to Report Crimes on Campus

Students and employees are cautioned never to attempt to apprehend or pursue a suspected criminal. Crimes or suspected criminals should be reported to the CSA or other designated staff member or, if appropriate, to 911. Immediately report any crimes or suspicious activity by:

- Calling (417) 532-8522, please speak with a staff member
- Stopping by the School Office.

If you have any doubts about whether to report something that has occurred, report it. Victims of, or witnesses to, crimes may disclose them on a voluntary, confidential basis to the CSA, which can then determine whether the event constitutes a crime that has to be collected and statistically reported. Your cooperation in timely reporting assists the school in issuing equally timely warnings to the campus community. All crimes must be reported immediately.

Always use your eyes, ears, and telephone to keep campus officials advised of what you see and hear. Call or stop by the School Office when you see:

- Strangers loitering in office areas, hallways, classrooms, or lounge areas, etc.
- Unsecured doors or windows in campus buildings that are supposed to be locked
- Anyone tampering with a motor vehicle or loitering in a parking lot
- Persons publicly displaying a weapon
- Persons loitering in dark or secluded areas
- Suspicious persons carrying articles, equipment, luggage, or other packages out of campus buildings

Crime is a serious problem with no easy solutions. Therefore, all members of the school campus community are encouraged to assist one another by taking responsibility for personal safety and assisting with the security needs of others. While school staff and security measures may offer assistance regarding safety and security concerns, ultimately the primary responsibility for your personal safety rests with you.

Safety Tips

- Stay alert of your surroundings, wherever you are.
- If you feel uncomfortable in a place, leave right away.
- Keep eyes and ears open, hands free.
- Choose busy streets and avoid going through deserted areas.
- At night, walk in well-lit areas whenever possible.
- Try not to walk or jog alone. Take a friend or walk in a group.
- Avoid carrying large sums of cash.
- When in public spaces, keep valuable items including jewelry, mobile phones and wallets out of sight.
- Carry a pepper or mace spray as a precautionary measure.
- Avoid returning to campus after dark, or walk in groups to and from buildings.
- Report suspicious behavior immediately to a staff or faculty.

SECURITY, PERSONAL SAFETY AND CRIME PREVENTION

Lebanon College provides information on personal safety and crime prevention via written, web-based information and/or visits from area resource individuals. The Admissions office has a directory of services that are available, within the community, to assist those who have suffered from a criminal act. These services are usually free and are provided by the community. During the orientation of students, faculty and staff, procedures are outlined to cover the reporting of all criminal acts.

Campus Sex Crimes Prevention Act

The federal Campus Sex Crimes Prevention Act that became effective October 27, 2002 requires eligible institutions participating in the Title IV Federal Student Aid programs to issue a statement advising the campus community where the State law enforcement agency information concerning registered sex offenders/predators may be obtained. Sex offenders are required to be registered according to the State law in the State in which they reside and are also required to notify appropriate State officials of each postsecondary school at which the offender is employed or is a student. Any such offender is also required to give notice to the appropriate State authorities of any changes in enrollment or employment status at the postsecondary school.

The Revised Statutes of Missouri, **Chapter 589** Sections 400 to 425 and **43.650**, RSMo, mandate that the Missouri State Highway Patrol shall maintain a sex offender database and a web site on the Internet that is accessible to the public. Additional information and verification may be obtained from the Chief Law Enforcement Official (Sheriff) of the county where the sex offender resides.

CAMPUS SEXUAL VIOLENCE ELIMINATION ACT

The Campus Sexual Violence Elimination Act of 2013 (SaVE Act) requires schools to educate students, staff, and faculty on the prevention of rape, acquaintance rape, domestic violence, dating violence, sexual assault, and stalking. As part of Lebanon College's compliance with the SaVE Act requirements for prevention and awareness programs that address the specified areas above, the institution has several relevant brochures available on display on the student informational bulletin boards. These brochures are from nationally recognized organizations and include awareness and preventive information. These brochures also include help hotlines related to these specific topics. Additionally, Lebanon College has a sexual assault prevention program that includes, but is not limited to the following:

- Use of a "Buddy System" when walking to parked cars at night
- Leaving the building in a group when classes are dismissed
- If an assault occurs, notify a staff member immediately
- Do not disturb the crime scene
- Notify local law enforcement officials
- Secure counseling for the victim, or offer a referral to appropriate entities that provide applicable counseling
- Change the academic schedule if victim requests
- Disciplinary actions include dismissal from the School

As part of the effort to provide an environment conducive to the school's mission, the following services relating to sexual assault are provided at Lebanon College. The school provides educational programs (referenced above) to enhance awareness of sexual assault and the condition that fosters this offense on school campuses. The school undertakes efforts to safeguard the rights and interest of the survivor and pursues sanctions against the perpetrator(s) of sexual assault. The school official will, upon request, arrange transportation to a hospital for treatment and evidence collection; provide notification to an off-campus support and counseling service; provide assistance in contacting the appropriate law enforcement agency as applicable.

Lebanon College does not tolerate sexual assault against females or males, whether committed by a stranger or by an acquaintance. The school attempts to protect members of the school community, including visitors, from sexual assaults and offers any student, faculty or staff member who survives a sexual assault that occurs within the context of the school community the support necessary to enable them to continue to pursue their academic or career goals.

Definitions

For the purposes of this Policy, "sexual assault" is defined as any sexual act perpetrated upon a person without their consent, where the assailant uses physical force, threat, coercion or intimidation to overpower or control the victim; where the victim fears that they or another person will be injured or otherwise harmed if they do not submit; where the victim is prevented from resisting due to the influence of alcohol or other drugs; or where consent is otherwise not freely given. A sexual act includes, but is not limited to, actual or attempted intercourse, sexual touching, fondling, and groping. Sexual assault is classified as "rape" when vaginal, anal or oral intercourse takes place without consent. This includes penetration by a foreign object.

Sex crimes, including but not limited to sexual assaults and rapes, represent violations of criminal and civil law, and constitute serious breaches of student or employee conduct as well. All parties engaging in sexual activity must be based upon explicit consent among the parties. Verbal communications of non-consent, non-verbal acts of resistance or rejection, or mental impairment of the victim due to any cause including the victim's use of alcohol or drugs may constitute lack of consent. The use of alcohol or drugs will not be accepted as an explanation for the actions of any individual charged with a violation of this policy.

Any individual who has been sexually assaulted, including date or acquaintance rape, is strongly encouraged to report the incident to the local police (if off-campus), school officials described below, faculty or staff members as well as any civil authorities that an individual deems appropriate. Staff members are trained to assist and support victims in notifying appropriate law enforcement authorities regarding such crimes, if requested by the victim.

Suggestions to Reduce Risk:

- There is strength in numbers or group dates. Go to parties or clubs with a friend and be responsible for each other. Don't split up. Have a preplanned signal to let your friend know that you want to leave or need help.
- Control your alcohol; don't let it control you. Drink responsibly or not at all, especially on first dates.
- No substance abuse.
- Know your limits. It's never too late to say "no." Don't be embarrassed or ashamed to say "no" or ask someone to stop. It is your body.
- Verbalize your expectations. Be up front. Talk about sexual boundaries. A potentially embarrassing conversation could save you from a traumatic situation.

- Trust your gut instinct. Guard your personal space. If someone makes you uncomfortable, remove yourself from the situation.
- Believe in yourself. Know your rights. Women do not ask to be raped any more than a man with money in his pocket is asking to be robbed. You are in charge of your body and you can say "NO".
- End the night early if your date becomes drunk or abusive. No one deserves physical or emotional abuse.

Response to Reports of Sexual Assault

The school is committed to creating an environment that both promotes and assists in prompt reporting of sexual assault, and to providing compassionate support services for survivors. Students who are the victims of campus-related sexual assault are entitled to certain rights. These rights include, but are not limited to, the following:

- The survivor has the right to have their claims treated seriously and to be treated with dignity.
- The survivor has the right to be informed of their options with regard to notifying law enforcement authorities and to be assisted in notifying such authorities if they so choose. Because the school recognizes that a sexual assault is more than an assault on an individual's body, but is also an attack on the individual's dignity and sense of self, the school is committed to ensuring that the decision to take action against the accused rests solely with the survivor. There may be circumstances, however, depending upon the status of the alleged assailant and the seriousness of the offense, in which the school must take action to protect the survivor or the campus community. Federal law requires that the school provide the campus community with timely notice of certain reported crimes and/or acts the institution believes represent a threat to members of the campus community.
- The survivor has the right to be free from undue coercion of any kind from the school's personnel. Such coercion includes but is not limited to pressuring the survivor to report, not to report, or to under report a sexual assault; suggesting that the survivor somehow contributed to or assumed the risk of being sexually assaulted; or suggesting that the survivor or the school would incur unwanted publicity or humiliation by reporting the sexual assault.
- Student survivors may choose to change academic arrangements, if such changes are reasonably available, without financial or academic penalty. For assistance in exploring options for a change in academic situations, contact should be made with the Director.

If you are Sexually Assaulted

- Get to a safe place.
- Call the police as soon as it is safe by dialing 9-1-1.

Reporting the Assault

Students who believe that they are victims of a sexual assault should contact at least one of the following school officials.

- School Director
- School Owner

School faculty, staff members or campus visitors who believe they are victims of a sexual assault should contact at least one of the following school officials:

- School Director
- School Owner

Individuals who have been raped or sexually assaulted should try to preserve all physical evidence. They should not wash, use the toilet, or change clothing, if doing so can be avoided. If oral contact took place, one should not smoke, eat, drink, or brush one's teeth. If one changes clothes, all clothing worn at the time of the attack should be placed in a paper bag, not plastic. Medical attention should be sought as soon as possible to assess any physical injuries, provide appropriate medical treatment, and collect important evidence in the event legal action is taken.

In cases of alleged sexual assault, the accuser and the accused are entitled to the same opportunities to have others present during campus disciplinary proceedings, and both the accuser and the accused shall be informed of the outcome of any campus disciplinary proceeding brought alleging a sexual assault. An accused perpetrator of sexual assault, if determined to be responsible of the accused sexual assault, may be dismissed from Lebanon College immediately.

The nature of sexual assault, particularly when perpetrated by an acquaintance, makes it difficult for many survivors to report their experience. For this reason, the local Cope House is an example of places where individuals may seek assistance in complete confidentiality.

EMERGENCY RESPONSE AND EVACUATION PROCEDURES – POLICY

Lebanon College has in place a campus response protocol. In an emergency or a dangerous situation, upon confirmation with the School Director, or designee, of the need for mass notification, the School Director, or designee, will without delay, taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of the responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. Emergency or dangerous situations may include, but are not limited to, gas leaks, tornadoes, contagious viruses, etc.

This emergency notification requirement does not replace the timely warning requirement described earlier. They differ in that the timely warning applies only to Clery reportable crimes while the emergency notification requirement addresses a much wider range of threats (i.e., gas leaks, tornadoes, contagious viruses, etc.). However, an institution that follows its emergency notification procedures is not required to issue a timely warning based on the same circumstances but must provide adequate follow-up information to the community as needed.

Training, exercises and tests will be conducted annually by management on the campus level and by the individuals relevant to mass notification. Management will document each test conducted by all relevant entities.

Student Must Know – Emergency Information

The campus takes various precautionary measures to protect the students, staff, faculty, and campus visitors.

Nothing herein precludes any student, staff or faculty from contacting the appropriate authorities directly in the event they feel in threat of physical harm or imminent danger.

Student Emergency Responses

There is potential for students to be involved in a variety of emergency situations for which appropriate actions must be taken. These possible situations include incidences that may require emergency evacuation, emergency lockdown, external lockdown, or to shelter in place.

Emergency Evacuation

Evacuation is the movement of campus occupants from a dangerous or potentially dangerous location to a safe location. There are two types of evacuation: fire evacuation and non-fire evacuation.

Fire evacuation:

- Evacuation is mandatory when a fire alarm is activated.
- Follow authorized personnel's (e.g., faculty, staff, or fire department personnel, etc.) instructions if given.
- Do not use the elevators.
- Assist people with disabilities, if possible.
- Ensure all doors and windows are closed as a room and building are evacuated. (Do not lock doors.)
- Do not attempt to reenter the facility unless and until directed to do so by authorized personnel.
- Evacuate to a safe distance and location from the building affected, away from fire hydrants, fire lanes, and not under power lines.

Non-fire evacuation

- A non-fire evacuation will be initiated by the School Director
- Follow instructions if given.
- Assist people with disabilities if possible.
- Do not attempt to reenter the facility unless directed to do so

Emergency Lockdown

Emergency Lockdown is used to dramatically and rapidly enhance the level of security of the campus. By locking all exterior, interior and classroom doors, staff can make it more difficult for dangerous person(s) in the vicinity of the campus and in the campus to gain access to staff and students;

- Lock or barricade doors of classroom and internal student areas of congregation.
- Close blinds, turn off lights.
- Remain quiet and out of sight.
- If gunshots are heard, lie on the floor and try to use available resources for additional cover and concealment.
- If you are outside when a lockdown is declared, seek shelter away from danger.
- If a fire alarm is activated during a lockdown, proceed with extreme caution.
- Do not open the door for people claiming to be public safety personnel unless you have an opportunity to view photo identification or are instructed to do so by a staff member whom you recognize.

External Lockdown

External lockdown creates a physical layer of security between the internal and external dimensions of the campus. In addition to locked entrances, this may also include a supervised entry and exit to campus facilities, and/or barricade to campus property (e.g., barricades or chains restricting access to campus parking and grounds). This lockdown allows staff and

students to continue activities while maintaining access control to the campus and remain in an elevated state of security.

- Remain in classroom.
- Follow faculty and staff instructions
- Remain attentive to any change in status.

Shelter in place

Sheltering in place procedures is traditionally utilized when:

1. A tornado has been spotted.

2. There has been a chemical or biological incident outside of, but in proximity to a campus and available information indicates that there is no adequate time to evacuate building occupants to another safe location before the dangerous contaminants reach the facility.

- Follow staff and faculty instructions.
- Assist people with disabilities if possible
- If you are outside when a shelter in place is declared, immediately seek an interior room or hallway with no windows.
- Close windows and doors – do not lock doors.
- Remain in shelter until an all clear is given.
