JOB DESCRIPTION:

Brief Description of Duties: Winter Operation

Perform snow and ice removal with plow/sanders and graders with all attachments. Become familiar with the techniques, routes, and obstructions to do an effective job. Apply abrasives (sand) as a traction aid and make decisions based on conditions as to where and how much to apply to any given area.

Perform snow haul operations. Operate graders, loaders, snow blowers and dozers to incorporate all facets of the operation. Become familiar with the techniques of pulling snow, recognizing obstructions, loading trucks, accountability for contractor trucks and snow dump maintenance to ensure the success of the operation.

Operate steam generator with associated attachments to facilitate drainage during the winter and breakup periods. Become familiar with techniques; establish an understanding of the many types of drainage systems, problematic drainage areas and most notably the safe operation of the boiler.

Perform avalanche mitigation support as required. This may include but is not limited to gathering data, manning road closures, assisting with the gun missions, cleaning up debris, maintaining gun mounts and maintaining all other associated items with regards to avalanche mitigation.

Perform maintenance activities that promote a safe winter working environment such as clearing and marking obstructions, marking culverts, and studying routes.

Responds to emergencies as directed by supervisory personnel. This may include but limited to road hazards,

sinkholes, flooding, debris removal, eradicating windstorm damage and rockslides.

Become familiar with and be able to apply practical applications of traffic control commensurate with winter maintenance activities. This includes use of arrow boards, flagging operations, planning and setting up traffic control for work zones utilizing a wide variety of devices for any number of work details to include snow haul, crack sealing, ditching, and pothole maintenance to name a number of work tasks but is not all-inclusive.

Respond to material spills on occasion; generally as a result of a spill or leak from a piece of equipment.

Perform all other duties as assigned.
