

## Xodine™ Iodine

Iodine is Essential to Health

Iodine is an essential part of DNA integrity, endocrine function, metabolic balance, immune function, and cardiovascular health. Every cell in the body needs iodine.

Iodine is an essential mineral for thyroid, breast and prostate health; immune function; metabolic function; and fetal development. It is also an important part of cardiovascular, liver, and central nervous system health. Iodine is the mineral basis of the endocrine system's HPT Axis (Hypothalamus-Pituitary-Thyroid), and the underlying basis of the HPA Axis (Hypothalamus-Pituitary-Adrenal).

Unrecognized iodine deficiency is a hidden underlying factor in many health and thyroid-related issues throughout the world. Iodine is essential in order for the thyroid gland to produce thyroid hormones. Proper iodine-enriched thyroid tissues and healthy levels of iodine throughout the body help with metabolism, provide immune support, and offer protection against the effects of environmental contaminants and the rising levels of planetary-based radiation.

XODINE™ is a highly stable mono-element, nano-colloidal iodine that is not bound by mineral salts such as calcium or potassium. This formula allows the body to efficiently utilize every drop to support thyroid and cellular iodine levels. XODINE™ is intended for human and animal use as a daily dietary supplement. When taken as directed, XODINE™ Iodine is gentle on the digestive system.

XODINE™ Iodine is exclusively produced by Cedar Bear with the unique Pureodine™ process developed by Cedar Bear's Research & Development team. XODINE™ Iodine is Kosher certified, Halal dietary compliant, and vegan compliant. This product complies with FDA cGMP inspection standards and HACCP compliance standards.

**INGREDIENTS:** USP Grade Kosher Certified vegetable glycerin, purified water, USP re-sublimated Iodine (deep-earth sourced).

**SUGGESTED USE:** 6 drops in 1 cup purified water, 1 to 2 times a day, or as needed.

**BODY SYSTEM:** Glandular, General.

**WARNING:** Individuals who have thyroid and/or cardiovascular problems or are on any medications should first consult with a physician before using XODINE™ Iodine.
