Barware

Ariane Fine Porcelain × Whyte Tales is the world's first premium ceramic barware collection, designed by a professional mixologist for professional bars. We've taken the beauty and performance of fine porcelain and re-engineered it for the bar scene, creating pieces that hold temperature longer, feel incredible in hand, and open new possibilities for cocktail presentation.

DALBY
HOSPITALITY

Dalby Hospitality was founded by Sunny Malesha and Sanjay Joshi with a vision to bring world-class tabletop solutions to the North American hospitality industry. Sanjay first encountered Ariane Fine Porcelain and its founders while curating the tabletop selection for his critically acclaimed restaurant. After choosing Ariane as his premier porcelain solution, he recognized the brand's exceptional quality and its potential for the U.S. market. This led to a partnership that established Dalby Hospitality as the official and exclusive distributor of Ariane products in North America.

Dalby's goal is to bring the same quality of product and service that Ariane provides to the global market to hotels, restaurants, cafés, and more across North America. With a Chicago-based warehouse and a dedicated domestic team, Dalby Hospitality ensures seamless service, accessibility, and a commitment to excellence—delivering the elegance, durability, and innovation that define Ariane Fine Porcelain.

Ariane's first collection dedicated to the bar world. Created by Kat Stanley-Whyte, multi-award winning bartender at globally renowned venues, including The American Bar at The Savoy and Viajante87. An agave spirits expert and member of both the Moet Hennessy Assemblage and William Grant's 1887 Collective, Kat's expertise comes from a lifetime of hospitality experience and brand collaborations.

Expertly crafted to create the timeless classic cocktail barware for all varieties of serves to bring intricate and timeless beauty to your guest. Interchangeable pieces allow personalisation for each venue and allow for a vibrant change to the classic drinking vessel. The three varieties of finish, Solar, Lunar and Midnight, brings a luxurious monotone aesthetic that is both beautiful and functional for service.

Pairing WhyteTales's elegant design and bar knowledge with Ariane's latest technology and craftsmanship this collection brings a practical and exquisite alternative to glass, bringing your guests an irresistible moment of luxury.

Practical elegance, timeless design, a dedicated collaboration.

SMOOTH FINISH

Fired at high temperatures, our advanced glaze delivers a flawlessly smooth, non-porous surface. This ensures exceptional hygiene and a clean, refined aesthetic across all pieces.

THERMAL SHOCK RESISTANT

Designed to perform under pressure, Ariane barware withstands sudden temperature changes, keeping your serves reliably chilled.

SCRATCH & ABRASION RESISTANT

Our glaze technology provides enhanced durability, offering superior resistance to scratches and abrasions even under the demands of fast-paced service environments.

HIGH CHIP RESISTANCE

Made from high-alumina porcelain, our barware delivers outstanding strength and edge durability, ensuring longevity even with repeated handling and use.

SAFETY-OPTIMISED BREAKAGE

In the rare event of breakage, our products are engineered to break into safer, manageable pieces, reducing risks in professional settings.

ANTI-MICROBIAL INNOVATION

We are proud to offer the first commercial porcelain barware range with integrated anti-microbial technology, developed to meet the hygiene demands of refined cocktail bars.
