

DEMOCRATIC BLACK CAUCUS OF FLORIDA

Our History

Black Delegates attending the 1981 Florida Statewide Democratic Party Convention in Hollywood, Florida were alerted to the need for increasing the power and influence of Black Democrats within the party.

A decision was made at the Convention to unite Black Democrats throughout the State. That resulted in the organization of the Democratic Black Caucus of Florida.

History was made on September 24, 1983, when the Florida Democratic Party (FDP) recognized the Democratic Black Caucus of Florida (DBCF) as an official organization.

DBCF Chapters were established statewide per county availability. Today we have 22 active chapters. To become an ACTIVE voting member and enjoy the privileges of full participation in programming and decision-making, an annual assessment is required to be paid each year. If there is no chapter in a county, at large membership is available (info on reverse side).

The Black Caucus is not exclusionary by means of race, ethnicity, gender, preference nor religion. All registered Democrats *who subscribe to Caucus objectives* are welcome to join.
