Osceola Middle Schools Target Struggling Learners & Optimize RtI in Science With Penda

School-Wide Science Implementations – Beginners & Beyond

- On-site professional development was offered to teachers at the start of subscription and as requested by school
- Year 1 teacher-users received weekly automated assignments for students via Penda’s Pacing Assistance Service for the following courses: Grade 6 – Comprehensive Science 1, Grade 7 – Comprehensive Science 2, Grade 8 – Comprehensive Science 3.
- Year 2+ teacher-users could opt to keep PAS enabled for their classes, or have PAS turned off in which they were responsible for manually assigning activities to classes/intervention groups/students.
- Emphasis was placed on data-driven instruction using Penda reports, creating intervention groups within Penda, and differentiating instruction for various levels of learners within a classroom.
- Weekly automated Class Mastery Reports were sent to teachers via email for progress monitoring and monthly School Administrator Reports were sent to district/school administrators identified.
- Ongoing support was offered via district-level professional partnership meetings, and dedicated customer support for all schools.

Key Findings – Grade 8 Science

Correlating Penda Usage to Mean Scale Score Performance:
- 4 out of 6 schools maintained or increased their Mean Score from 2016 to 2017.
- For those schools where students used Penda on average less than 10.0 hours (goal), average mean scale score was 190.0.
- For those schools where students used Penda on average equal to or more than 10.0 hours (goal), average mean scale score was 198.8.
- Net Mean Scale Score: +8.8 points

Correlating Penda Usage to Level 3 and Above Performance:
- 5 out of 6 schools maintained or increased the percent of level 3 and above from 2016 to 2017.
- For those schools where students used Penda on average less than 10.0 hours (goal), average 2017 Percent of level 3 and above was 32.0%
- For those schools where students used Penda on average equal to or more than 10.0 hours (goal), average 2017 Percent of level 3 and above was 46.6%.
- Net Percent of Level 3 and Above: +14.6%

PENDA LEARNING is an effective math & science intervention tool rooted in efficacy that supports Response to Intervention (RtI), data-driven instruction, and differentiated instruction. Built by educators for educators, Penda Learning creates standards-based content for grades 4 – 10, built on a highly engaging student gaming platform. Districts and schools partner with Penda Learning by providing their custom scope and sequence documents. Penda Learning’s Pacing Assistance Service (PAS) automatically aligns standards-based activities to district/school scope and sequence without any effort needed by district or school staff. Penda Learning’s PAS feature then automatically assigns activities to students weekly on the teacher’s behalf. Students receive instant feedback as they complete activities, earning points that unlock gaming features, including customizing their avatar, challenging friends and moving through virtual Penda Worlds. Teachers receive standards-based Class Mastery Reports weekly via email automated by the Penda platform. Reports are designed to help teachers proactively employ targeted intervention and remediation using Penda Learning intervention features/functionality.
