

# SLICED BROCCOLI FLORETS

## ASIAN CUT FLORET

### THIN SLICED + LABOR SAVINGS

A small twist to a traditional floret with big impact. We put our traditional broccoli florets through a slicer to create a 1/4" thick sliced floret. This simple change creates **EVEN COOKING** with other ingredients, **FASTER COOKING** due to thinner cut and is **BITE SIZE** for consumer-no knife needed. Traditional Asian dishes include fast cooking ingredients such as mushrooms and snow peas. Pre-slicing the broccoli makes this ingredient for any chef an easy solution for efficient, fast cooking.
