

# Unlock your ORA benefits *with IGS Energy*

Preferred Electricity Supplier of the Ohio Restaurant Association

## We're here to help.

Let's customize solutions to help you  
achieve your energy goals.

[IGS.com](https://igs.com)

# Better peace of mind starts here.

**Per square foot, restaurants use nearly 3 times the energy of the average commercial building.** That's why having the right energy partner makes all the difference.

As a leading energy retailer proudly serving businesses of all sizes, we offer traditional and green energy solutions to help customers source and manage their energy. We purchase the energy from producers and generators, and supply it to the utility, who then delivers it to your business.

By choosing us as your energy provider, we can customize a pricing strategy for your business—giving you greater control with a program that's tailored to your specific needs.

"IGS is a great partner; they helped me understand my utilities so that I could make an informed decision regarding my business. Aside from great service, IGS has always provided me with the most competitive prices in the market."

**CHRISTOPHER BRADICH,  
BERARDI'S RESTAURANT**
