# THE WORLD OF RUM

*"THE CHIEF FIDDLING THEY MAKE IN THE ISLAND IS RUMBULLION, ALIAS KILL DIVIL, AND THIS MADE OF SUGAR CANES DISTILLED, A HOT, HELLISH, AND TERRIBLE LIQUOR,"*  
*-1651 DOCUMENT FROM BARBADOS*

Despite its long and sordid past, rum is an undeniable part of world history, and an important part of our American history. Born of molasses, a once discarded byproduct of the sugar industry, rum is, at its birth, an accident. In fact, before the 1620s most molasses was simply dumped in the ocean. Well, like our pirate brethren before us, we're certainly happy they found a better use for it. From industrial waste to a \$2 billion industry in the U.S. alone, rum has come a long way, and the industry is still growing. More refined and creative production methods are popping up every day, and the spirit that has been called "the most unregulated in the world" is now more delicious than ever. It took almost 400 years to get this good, so don't waste another minute;

At 50 stamps it be pirate garb we offer: your very own, official Rum Club Member embroidered shirt.

Manage to keep your sea legs after 80 rums and a goblet fit for a Captain be ye reward: an engraved copper mug.

Finally, best the Captain's record by hoisting every rum in the ship and he'll put you and your crew up for a feast to remember: that's dinner of one appetizer, entrée, and dessert for 10 at Mutiny!

So what are you waiting for?

Drink up me hearties, Yo Ho!

*FOLLOWING THE LEAD OF THEIR PIRATE FOES, THE BRITISH ROYAL NAVY SWAPPED THEIR DAILY BEER RATIONS FOR A DAILY RATION OF A HALF-PINT OF 160 PROOF (80%) ALCOHOL IN 1740. THE RUM WAS USUALLY MIXED WITH THE DAILY LIME RATION (NICKNAMED "LIMEYS") THE SAILORS HAD TO WASH DOWN TO FIGHT SCURVY.*
