SPECIALTY CROSS-BREEDS

2026 Calendar of Puppies - (Revised 3-9-26) * CavaPooChons * Petite Golden CavaDoodles *

Below is our calendar of puppies. Families are reserving now for puppies that will be ready to go to new homes from now through the first half of 2026. Reserve ahead to get a great selection for your chosen litter/waitlist. Steve and Linda Rogers are happy to team with Marcus and Emily Hershberger, who are raising the healthiest, happiest Timshell puppies possible on their farm in Ohio... Details on the website.

PUPPIES ARE **\$3950**. Puppies have a 3-year health guarantee for all genetic faults. We will hand-deliver your puppy to you ourselves, to your city's airport, (\$450-\$1100). Staff will also meet you at an Ohio airport to deliver your puppy to you for \$250 fee. You're also welcome to come and pick out/pick up your puppy at the farm in Fredericksburg, Ohio.

Here's how it works. When you reserve a puppy and are on that litter's waitlist, once the puppies have arrived, we will send out photos every week by email so you can watch them grow. When they are 7 weeks old, that is when families select their puppies, choosing in order by date of deposit. When it is your turn to select, if the available puppy/puppies do not have the traits you want, then you can move your reservation to an upcoming litter of your choice. In fact, when placing a reservation, we ask our families to select a second litter for a backup, a Plan B, in case the first litter doesn't work out. This way, if needed, you are already on a second waitlist in a good pick position. Some families visit and select their puppies in person. Other families make their selection using the detailed description sheet and multiple photos we send out for each of the available puppies. We are here to help you, answer questions and make sure you get just the puppy you want! Puppies go to their new homes at 8 weeks of age. Board-and-train time is also an option!

The little teddy bears – playful, fun, confident, intelligent and so loving. Low to no shedding for allergy concerns. Three-year health guarantee for all genetic faults.
