## *Sipping Tequilas*

# Tequila

“The rich soils of Mexico have a mysterious influence on the natural flavors of tequila.”

## HIGHLAND TEQUILA

Come from the Highlands of Jalisco, better known as “Los Altos.” Expect these tequilas to come from a richer soil, producing tequilas that are sweet and fruity.

## LOWLAND TEQUILA

Are grown in Valley of Tequila, or “El Valle.” These tequilas are known to possess more spice and earthy flavors coming from the volcanic soil.

## Types

### BLANCO

Is the traditional tequila that started it all. It is tequila in its purest form, expressing its true flavor. All legendary tequilas start with a high quality blanco tequila.

### REPOSADO

Aged in oak barrels for 2 months for up to a year, expect a nice balance of flavors. Reposados make the ultimate margaritas.

### ANEJO

Bold and rich Anejo tequilas are known for their dark amber colors that come from being aged a minimum of one year or for up to 3 years in oak barrels. Perfect for enjoying on the rocks or neat.

### EXTRA ANEJO

The best of the best. Our selection of extra anejo tequilas reflects years of craftsmanship and mastery by the finest tequileros in Mexico. These are world’s finest sipping tequilas.
