

# Pet Insurance for Dogs and Cats

## Why do I need pet insurance?

- U.S. pet owners are expected to spend more than \$15 billion on veterinary care alone each year
- Every 6 seconds a pet owner is faced with a vet bill of more than \$1,000
- A pet receives emergency medical care every 2.5 seconds in the U.S.
- 1-in-3 pets need emergency veterinary treatment every year
- Pet insurance doesn't cover pre-existing conditions - so you need to have it before an issue occurs
