

BETTER HORMONE BALANCE AND ENHANCED BENEFITS WITH CORE+ NUTRACEUTICALS

Created by BioTE® Medical to further enhance the benefits of bioidentical hormone replacement therapy

*Available at Participating Practices

DIM SGS+

DIM SGS+ is an ideal combination of diindolylmethane (DIM), sulforaphane (SGS), and pomegranate extract that helps protect estrogen-sensitive tissues by promoting healthy estrogen metabolism and supporting detoxification and neutralization of harmful estrogen metabolites.

METHYL FACTORS+

METHYL FACTORS+ is the ideal blend of the nutrients your body needs to engage in optimal methylation. Nutrients selected are in their most bioavailable forms at clinically relevant dosing in order to support the body's methylation and detoxification efforts.

PROBIOTICS

MULTI-STRAIN PROBIOTICS 20B is a vegetarian, dairy- and gluten-free, four-strain probiotic totaling 20 billion CFUs per capsule. Each vegetarian capsule is sealed in nitrogen-purged aluminum blister packs to serve as protection from factors proven to compromise the stability of probiotics such as heat, moisture, and oxygen. Each strain is well-researched and identity-verified and has been genetically characterized and properly classified for safety and assurance.

ADK 5 & 10

ADK combines vitamin K2, A, and D3, and features the most bioavailable and bioactive forms of vitamin D3 available. This kind of vitamin D3 is the identical form that is derived in the body from cholesterol and synthesized by sunlight on the skin. Studies have confirmed the safety and efficacy of vitamin D for bone, immune, and heart health.^[1]

ARTEROSIL® HP

Arterosil^{HP} is the only product clinically proven to help maintain the endothelium's protective lining for improved heart, circulation, skin, and sexual health.* Your arteries and veins have a protective "non-stick" lining called the endothelial glycocalyx. It prevents cholesterol and other particles from adhering to or penetrating the endothelial wall. Arterosil^{HP} promotes a healthy heart, supports normal circulation, and helps maintain blood pressure in a normal range.* In men, Arterosil helps support normal erectile function.*

OMEGA 3 + CoQ10

OMEGA 3+COQ10 combines two essential micronutrients for heart health in one gel cap. It combines EPA and DHA from fish oil with antioxidant and energy-promoting co-enzyme Q10 that may support daily heart, blood vessel, and brain health. Every batch is independently tested to verify it is the highest quality fish oil available.

IODINE+

IODINE+ features targeted nutrients at clinically studied levels that support healthy thyroid hormone biosynthesis.^[2] This combination facilitates the expression of thyroid hormone genes. The addition of selenium and zinc aids in the conversion of thyroxine to triiodothyronine (T4 to T3).

CURCUMIN-SF

CURCUMIN-SF is a curcumin formulation for maintaining joint and muscle health. It helps maintain a healthy inflammatory response throughout the body and provides relief from overuse of muscles and joints and relief from injuries. BioTE CURCUMIN-SF has a 29x higher absorption rate compared to ordinary curcumin.*
