customizable and **reconfigurable**

Maximize your tradeshow ROI with a Velocity™ modular exhibit that can be designed to reconfigure to fit multiple size exhibit spaces. Nimlok Velocity modular exhibits are built using a versatile **“building blocks”** system of interconnecting aluminum extrusion, making Velocity the ultimate customizable and reconfigurable display solution.

For an out-of-the-box solution, all 20’ inline Velocity Standard and Lite exhibit kits can reconfigure to a 10’ inline exhibit while remaining customizable! Work with us to design a **customized Velocity solution** tailored to your specific needs.
