JOB DESCRIPTION:

Protect the safety of the general public from injury or death resulting from inadequate plumbing installations through inspection. Responsible for enforcement of the codes adopted by Alaska Statute 08.60.705 in regard to plumbing installations.

Inspector is responsible for conducting random inspections throughout their area of responsibility (Interior, Northern, and Western Alaska). Daily contact with contractors, electricians, plumbers, and customers. These inspections include providing written inspection reports and Notice of Violations.

Frequent (up to 33%) travel is required.

Desired traits:

- A minimum of five years' experience as a journeyman plumber;
- A detailed knowledge of the requirements of the Uniform Plumbing Code;
- Familiarity with inspection procedures related to plumbing systems and apparatus;

- Ability to observe and analyze the job environment or building systems installation to determine if code violations are present;
- Understand, interpret and apply regulations related to plumbing safety;
- Evaluate a variety of interrelated information involving existing and/or potential hazards related to the assigned area of inspection and determine the best course of action;
- Write professional reports and maintain records which may require use of a computer;
- Ability to communicate and consult effectively with agency representatives, Federal and state officials, senior management of construction industry professionals, members of the general public.
- Effectively self-manage time and priorities to schedule workload and complete unusually difficult work;
- Work in absence of available or applicable guidelines and without daily personal supervision.

SPECIAL REQUIREMENTS

5 years of experience as a licensed journeyman plumber

Hold a current Alaska Journeyman Plumber Certificate of Fitness

Possess a current Alaska Driver License

THIS POSITION REQUIRES THE INCUMBENT TO OPERATE

State Vehicle, computer, telephone.
