

**OWNER'S MANUAL**  
**SPORTS BOTTLE**  
Regular Filter

“The most field and laboratory tested product of its kind in the WORLD!”

This portable water filtration bottle is the answer to today's need for safe drinking water at home and on the go.

The Regular filter removes UP TO 99.99% of chlorine, chemicals (VOCs), heavy metals, and radon 222. It also removes up to 90% of fluoride. It is designed to be used as a drinking water filter for use with chlorinated municipal water.

**USE AND CARE**

Hold the bottle upright to drink.  
The filter has been pre-flushed.

**REFLUSH PRIOR TO FIRST USE.**

**FLUSHING INSTRUCTION**

- Step 1: Remove mouth piece cap and twist off bottle cap.
- Step 2: Fill bottle with tap water.
- Step 3: Replace cap tightly.
- Step 4: Pull mouth piece up, ensure it is open fully; then, keeping bottle upright, squeeze out all of the water.

Your bottle is now ready for use.

**Refill and enjoy!**

- DO NOT** place bottle in the freezer.
- DO NOT** fill with hot water.
- DO NOT** use with salt water.
- DO NOT** fill with anything but water.

**IONIC-ADSORPTION**  
**MICRO-FILTRATION SYSTEM**

This exclusive Ionic-Adsorption Micro- Filtration System is the process of contaminant reduction by adsorption, absorption, chemical bonding, and chelation.

This filter has been created to reduce and remove the most common contaminants found in drinking water. This filter contains thousands of omni-directional pores that result in a "tortuous path" for superior analyte filtration. The high-tech porous plastic micro-filter is impregnated with both the finest granulated activated coconut carbon available and exclusive adsorbing media, for superior analyte removal capability.

## MAINTENANCE AND STORAGE

Remove filter before cleaning unit. Plastic parts can be cleaned with a mild liquid detergent.

### DO NOT WASH FILTER.

When the filter system will not be used for an extended period of time; flush tap water through the filter, remove the filter/cap assembly from the bottle, and leave to dry thoroughly before reassembling. Unit may now be stowed indefinitely.

ALL PLASTICS ARE FDA FOOD GRADE APPROVED, BPA-FREE, AND NON-LEACHING.

Exclusive filter is tested by EPA and State registered laboratories and meets or exceeds EPA/ANSI protocols and NSF Standards 42 and 53 by Broward Testing Laboratory.

**FILTER MADE IN USA**

## REMOVES AND REDUCES UP TO 99.99%

### Aesthetic contaminants:

offensive tastes, odors, silt, sediment, and chlorine

### Chemical contaminants

toxic chemicals, trihalomethanes, PCB's, PCE's, detergents, and pesticides (DDT)

### Dissolved solid contaminants

heavy metals, aluminum, cadmium, chromium 6, mercury, arsenic, lead, and up to 90% fluoride.

### Radiologic contaminant

radon 222.

## 90- DAY GUARANTEE

Manufacturer warrants the portable water filtration system to the consumer for the period of 90 days from the date of purchase, when used in accordance with manufacturer's instructions.

THIS PRODUCT IS DESIGNED FOR  
WATER FILTRATION ONLY.

If there is any defect with the product, return the unit (postage paid) to the distributor with a valid purchase receipt. This guarantee does not cover improper use, maintenance, or premature clogging by overly turbid water. This warranty gives the consumer specific rights.

The manufacturer shall under no circumstances be liable for any special, indirect, or consequential damages due to misuse of goods.

The manufacturer makes no warranty of fitness or merchant-ability. The manufacturer makes no other warranty verbal or written, expressed or implied, except as specifically set forth therein.
