## **ROTO POLYMERS IS THE PREMIER SPONSOR OF THE ROTOPLAS INTERNATIONAL ROTATIONAL MOLDING EXPOSITION**

---

Cleveland, OH – April 3, 2017 – Established rotomolding natural resin supplier and color compound manufacturer, Roto Polymers, announces they are the Premier Sponsor of the upcoming Rotoplas International Rotational Molding Exposition. Roto Polymers is also exhibiting at the event, which is set to take place September 26-28, 2017 at Donald E. Stephens Convention Center in Rosemont, IL.

Rotoplas is the largest exposition for the rotational molding industry, offering the latest in advanced technology, products, services and innovative parts made specifically for the rotomolding process. It brings together manufacturers, suppliers, designers, engineers and researchers to exchange innovative ideas in all aspects of rotational molding advancements and technology.

As the event's Premier Sponsor, Roto Polymers will have two 10x10 booths with corners in the exhibit hall, their company logo on the Entrance Unit to exhibit hall, and give a speech at the Rotoplas Annual Meeting luncheon.

Roto Polymers is an innovative leader in the rotomolding industry. Since 2012, Roto Polymers has positioned itself as a top supplier of high quality natural resins and manufacturer of color compounds. In fact, Roto Polymers is one of the largest natural rotomolding resin suppliers and color compound manufacturers in North America, supported by an infrastructure that supplies a volume of over 200 million pounds per year in over 30 countries. Roto Polymers' rotomolding resins are produced into five distinct polymer products: ROTOLENE<sup>®</sup> , ROTOLENE HIGH FLOW<sup>®</sup> , ROTOLENE INDUSTRIAL<sup>®</sup> , ROTOLENE HD<sup>®</sup> and ROTOLENE BLACK ULTRA<sup>®</sup> (recycled).

Each one of their rotomolding resins are uniquely formulated to have specific properties and characteristics that fit a host of industrial and commercial end applications, including industrial, agricultural, chemical and water tanks; large cisterns, trash containers, bulk containers and marine parts; outdoor chairs, kayaks, coolers and hot tubs; and outdoor playhouses, slides and swing sets.

Roto Polymers has created global industry partnerships by making their rotomolding resins accessible. They do this by offering their products at internationally competitive prices so customers have options when purchasing.

To request a quote or place an order with Roto Polymers, call their Cleveland, OH location at (216) 591-0175 or email [info@rotopolymers.com](mailto:info@rotopolymers.com). For more information on their rotomolding resins and compounds, visit [rotopolymers.com](http://rotopolymers.com).
