## kenny mack **designs**

unique designs for the table & beyond...

We create unique and functional table-top designs including table-top serving vessels, bath accessories and home decor. From our love for texture and bold colors, our designs are inspired from organic elements including wood, stone, glass, marble and other natural objects.

The collection includes classic, contemporary and innovative shapes all fitting for diverse decor themes.

Working primarily in resin, our designs are both food and dishwasher safe, highly durable and break resistant.

After four years of exponential growth marketing exclusively to the luxury hotel industry and fine restaurants worldwide, we are pleased to introduce our collections to fine gift and home stores.

# FUNCTION AND CARE

**Disclaimer:** Because our designs are handmade we cannot guarantee color matching or that two pieces are the exact same.

- Lead Free (Prop 65) BPA Free, Food Safe.
- Residential Dishwasher (Top Rack Only).
- Commercial Dishwasher Safe.
- For Cold and Room Temperature Foods only.
- Do not use in Microwave, Oven or on Stove Top.

## Care Instructions

- A frosty film may appear on resin after washing over time. This is easily removed. Use a small amount of cooking oil or cooking spray, rub with a soft cloth and rinse. The resin will return to it's original luster.
- Light scratches and scuff marks are also easy to remove. Use a Scotch Brite pad or any other mildly abrasive scouring pad and rub the scratches with the pad. A little soap and water or cooking oil on the pad may help alleviate or better disguise scratching.
- Never use sharp or serrated knives on resin. Those marks cannot be removed.
- Break resistant: Resin is highly durable and shatter proof but it is not break proof. It should be handled with care and treated as if it were glass or ceramic.
