

Geasphere ETF Core 90-10

GeaSphere Advisors builds investment portfolios using our proprietary research philosophy called the “GeaSphere Analysis System”. All our model portfolios use our exclusive methods and historical data base as the foundation for our portfolio construction and management. GeaSphere offers 10 Core ETF model portfolios for every risk tolerance and time horizon. All models are constructed with our rules-based allocation, adjusted for market conditions. We continuously review and adjust the weightings of each asset class within each portfolio to reflect leading sectors for maximum efficiency and returns. Clients should use the following investment strategies as a guide for determining which portfolios to invest in.
