Inspired by the PBS concert series of the same name, the festival is produced by Austin-based company C3 Presents, which also produces Lollapalooza. The reputation of the ACL television show helped contribute to the success of the first festival.

The ACL Music Festival has eight stages where musical groups from genres including rock, indie, country, folk, electronic and hip hop perform for fans. Approximately 75,000 people attend the festival each day. In addition to the music performances, there are food and drinks, an art market, a kids area for families, and other activities for attendees.
