Dear Dave,

You joined our team for a few days this past year, and we sure are glad of it! Thanks for your insight, encouragement, and overwhelming enthusiasm. Your thoughts and words have been a tremendous influence for many of us at Farragut ENT & Allergy. We still talk about the things you said even now, months later! We all appreciate your willingness to stay up late with us for evening meetings, and we thank you for helping us to stay focused on the MOST IMPORTANT things.

Personally, I have enjoyed getting to know you, and it is crystal clear that your enthusiasm and encouragement are heartfelt and genuine.

Thank You, Dave!
