

To All Fanatical Skin & Ink Clients:

We want to share with you some of the CDC requirements to COVID-19, reassure you of our regular standard precautions, and additional steps we are taking as a spa in response:

- A) If you are feeling sick or displaying any symptoms of illness, please stay home.
- B) Best practice from the CDC—whether at work or home —wash your hands often with soap and water for at least 20 seconds, especially after going to the bathroom; before eating; and after blowing your nose, coughing, or sneezing.
- C) If soap and water are not readily available, use an alcohol-based hand sanitizer with at least 60% alcohol. Always wash hands with soap and water if hands are visibly dirty.
- D) Our front office staff has increased the sterilization of our checkout areas and relaxation areas, and there is hand sanitizer available.
- E) As a precaution, we are scheduling clients in order to limit the client to client interaction.
- F) Keeping the community's well-being in mind, we invite anyone who is not feeling well to reschedule their appointments. Feel free to use our booking link, send an email to [office@fanaticalskin.ink](mailto:office@fanaticalskin.ink) or call the spa at 910-725-0555.

Our staff has been encouraged to play it safe as well and stay home if needed for the health of others. We will continue to monitor the situation as it progresses; the health and safety of our clients and patients is our top priority.

Every action we take is with you in mind. We are committed to upholding our commitment to providing excellent service. We want you to have the confidence that we are taking the necessary steps to keep you and our staff safe.

Please take care of yourselves and your family and follow the CDC for guidelines and updates: [www.cdc.gov](http://www.cdc.gov).

With Gratitude,

**Nicole Johnson**
