To whom it may concern,

I would like to strongly recommend Rolando Flores general contractor and owner of Custom Homes Builders. I have known Mr. Flores for over 10 years and had worked with him on multiple projects. Mr. Flores built our new 4000sq/ft house in Woodside from the ground up in 2005 and recently had constructed a second floor addition and was responsible for an extensive landscape project that included an infinity pool and gardening of 1.5 acre.

Throughout the projects Mr. Flores had shown, outstanding craftsmanship, attention to details and insight into the future use of the building. He constantly ensured that the sub-contractors use the best materials and perform the best work possible.

Mr. Flores, work ethic is exceptional. He is trustworthy and completely reliable. His pricing is the actual costs of the project with no subsequent additions and he continues to ensure that everything is fully functional even 6 years after the original project had been completed. Mr. Flores guarantees his work and is always available to address any normal maintenance issues that may arise.

The house that he had build is of exceptional quality and functions perfectly. We are extremely happy with the out come of his craftsmanship and keep seeking his advice for anything related to house.

Best Regards,

Arnon Rosenthal Ph.D
