To whom it may concern:

I hereby strongly recommend Mr. Rolando Flores, a California licensed Building Contractor to supervise any type of building construction you might have. I have a tremendous amount of confidence in this man who has demonstrated to me his capabilities in the past and who continues to be excellent in his line of work, backed by his years of experience. I personally would vouch for his reliability and dedication and to say the least, his moral integrity in any contractual relations.

Sincerely yours,

RICHARD A. QUINTANILLA
