We Only Want The Best!

Rolando Flores Custom Homes Builders P.O. Box 223 Half Moon Bay, CA 94019-0223

Dear Rolando Flores,

Custom Homes Builders is among a select group of contractors that has maintained an excellent Contractors License record. Congratulations! Periodically Surety Company of the Pacific (SCP) searches the Contractors State License Board's records to find those contractors with superior license records. Because of your distinguished achievement we invite you to apply to SCP for Bid, Performance and Payment Bonds.

The Public Works sector is a growing part of the construction market. Billions of dollars are being set aside for schools, roads and other public works projects. To be involved in this type of work usually requires Bid, Performance and Payment bonds. Even Sub-Contractors are often being required by General Contractors to provide Performance Bonds.

SCP would like the opportunity to help you get your share of this profitable line of work. Surety Company of the Pacific wants to be the bonding company for California's finest contractors, like Custom Homes Builders.

Give us a call or return the enclosed Preferred Bond Application. Our Customer Service Personnel will be happy to discuss with you the process of qualifying for Bid, Performance and Payment Bonds.

Call us at 800 552 3936.

Sincerely,

A J Turrentine

Vice President Marketing Contractors License # 387993
