Subject: Re: Question

Rolando,

We wanted to write this note to you. After you finished the major remodel on our dream house, I was thrilled with the results for eight years, and we MEAN thrilled! Your attention to details and the completed finished work cannot be surpassed.

As you know, we sold my dream home in Half Moon Bay and moved to San Clemente in a beautiful gated community last month. My new home had been remodeled and much work done to it some time ago. Ray and I had become so accustomed to the work you did, I truly wish you could redo many things in our new home. I wish you could do the remodel on the bathrooms and the kitchen. We have interviewed many contractors and non can come close to the professionalism and experience you have.

We truly wish you could move to San Clemente to redo our new home!

Sincerely,
Sylvia & Ray Boone
