

# DATACARD® CE870™ INSTANT ISSUANCE SYSTEM

## **ENHANCE SECURITY AND CARDHOLDER SATISFACTION**

*Datacard® instant issuance solutions — including the new CE870™ system — empower you to issue cards anywhere, anytime you choose. This allows you to create card programs that align perfectly with emerging consumer demands for customization, personalization, flexibility and on-demand service.*

## **Issue high-quality embossed financial cards instantly**

The Datacard® CE870™ instant issuance system makes it easy for financial institutions to enjoy the full benefits of instant issuance. Putting ready-to-use credit and debit cards into your customers' hands measurably improves activation rates and card usage. It enhances cardholder satisfaction and elevates service levels. Plus, it helps reduce traditional card issuance costs, including card pre-printing, card inventory, mail packages and postage.

## **Choose from best-in-class personalization technologies**

- **Create your ideal printer.** We can configure the system to meet your precise requirements. In addition to standard embossing, indent printing and magnetic stripe encoding, you can add optional EMV®-compliant smart card personalization, a productive six-compartment input hopper and full-color, direct-to-card printing.
- **Exceptional embossing.** Built on proven technology, the CE870 system offers embossing and indent printing of up to 150 characters. High-quality embossing enhances the appearance and security of your financial cards.
- **Strong program security.** A variety of physical and logical security features support Visa and MasterCard security standards. You also get audit trails and robust protection for card stock and supply items.
- **Part of a complete solution.** The CE870 system offers seamless compatibility with industry-leading Datacard® CardWizard® issuance software. Look to Datacard Group for fully integrated financial instant issuance offerings, including hardware, software, global services and supplies.
