

Baby Tango Greens

CRUNCHY & CRISP

Frilly Texture & Crisp Crunch

An “oak shaped” leaf with curled edges gives this unique tender green variety its signature look. The three dimensional leaves add texture and loft to any plate application. The Baby Tango leaves are bite-sized making it a multi-use sku for salads or sandwich toppers. With their lofty texture, the leaves also hold up very well to dressing.

Delightful frilly appearance with more volume and maximum plate coverage

BABY TANGO GREENS PROFILE
