

TUSCAN BABY ROMAINE

6-9 inches

ON TREND: MULTI-TASKER

NUTRITIOUS TACO SHELL ALTERNATIVE

This item offers a creative, healthy serving vehicle.

Think "boats & tacos." The shorter, cupped romaine leaves create multiple ways to use across menu applications and high usage yield for each baby-sized head of romaine:

- Individual leaves make a gluten and carb free alternative for tacos and wraps. Even great for breaking the norm and using for "breakfast tacos"
- Whole leaves fit sub sandwiches perfectly
- Halved leaves for hamburger and sandwich toppers
- Chopped or shredded for salads
