

simplex  
HEALTH™

Simplex Health is  
medicine reimaged.

Simplex Health offers insurance-funded\* access to Registered Dietitians who work in partnership with your physician. Receive your custom health plan focused on your needs, whether that is general nutrition education or intensive medical nutrition therapy that treats the person, not the symptom. **Your new prescription is not needing one.**

Simplex Health patients have successfully reversed:

- Obesity
- Prediabetes & Type 2 Diabetes
- Digestive Disorders
- Autoimmune Conditions
- High Blood Pressure
- High Cholesterol
- Hormone Imbalances

Ask your doctor or call to schedule your insurance-funded appointment.
