Now with Titan II Precast Management System, anyone in the office can answer customer questions instantly. No more running around looking for job folders or running out to the yard looking for pieces.

Informative inquiry screens centralize all critical job information empowering everyone in the office.

Through the use of customer "anticipation dates", "schedule dates", "production dates", "pick dates" and "shipped dates", Titan II brings a wealth of information to the screen. Job status, pricing, structures, products and drawings are all at your fingertips.

Titan II will not only improve customer service, it will improve overall company profitability.
