

MARKET UPDATE: MOORPARK, CA Single Family Homes

(as of Monday, August 26th, 2019)

This week the median list price for Moorpark, CA is \$785,000 with the market action index hovering around 41. This is an increase over last month's market action index of 39. Inventory has held steady at or around 83.

MARKET ACTION INDEX

The Market Action Index answers the question "How's the Market?" by measuring the current rate of sale versus the amount of the inventory. Index above 30 implies Seller's Market conditions. Below 30, conditions favor the buyer.

Slight Seller's Advantage

While the Market Action Index shows some strengthening in the last few weeks, prices have not seemed to move from their plateau. Should the upward trend in sales relative to inventory continue, expect prices to resume an upward climb in tandem with the MAI.
