**JOB DESCRIPTION:**

The Plant Materials Center is a research farm facility that provides foundation seed, disease-free seed potatoes, certified seed testing, and reclamation procedures etc., for a wide variety of people and agencies. This position will primarily act as chemical applicator and equipment operation in all aspects of field preparation, including, but not limited to planting, fertilizing, weed control, irrigation and seed collection and conditioning. Must be proficient at calculating correct application rates for spraying and fertilizing. Will be using and configuring Trimble guidance systems and electronic rate controllers. Must keep accurate and organized records.

**SPECIAL REQUIREMENTS**

Must obtain State of Alaska Certified Pesticide Applicators License within 6 months from hire.

**THIS POSITION REQUIRES THE INCUMBENT TO OPERATE**

Tractors, pesticide application equipment, combines, seed harvest implements, seeders, fertilization application equipment and various tools to complete farm tasks.
